## Final BULLETINS

### British Bombers In Daylight Raid

LONDON (CP)—R.A.F. bombers struck France and Belgium this afternoon, attacking airfields and industrial targets, it was learned tonight.  
Ten enemy fighters were destroyed by escorting Spitfires. One British bomber and four fighters are missing.

### Japs On Strike

VANCOUVER (CP)—The Sun said this afternoon Japanese laborers in the Kelowna district of the Okanagan were reported on a sit-down strike which threatened the tomato crop with at least partial ruin. The paper said the Japanese were protesting a recent decision to remove them and their families from the Kelowna area by Nov. 15.

### Million Nazis Quit Bombed-Out Ruhr

LONDON (CP)—More than 1,000,000 Germans are reported in reliable sources to have migrated from Germany's heavily bombed Ruhr valley area to sections they regard as safer to the east, northeast and west.

### 62 Divorces Asked

VANCOUVER (CP)—Sixty-two divorce cases are listed for hearing in the B.C. Supreme Court at Vancouver in three days next week.

### Extend Subsidy

OTTAWA (CP)—Munitions Minister Howe announced in the Commons this afternoon an extension to Dec. 31, 1943, of the period in which the government's subsidy of \$1 a cord on fuel wood will be paid to registered dealers. The subsidy, as originally announced last March 4 fixed the expiration at June 30.

### 3 Killed in Crash

ST. ADOLPHE DE HOWARD, Que. (CP)—Three men were killed today when a Lockheed Hudson plane of the R.A.F. transport command crashed near this Laurentian mountain resort about 50 miles north of Montreal.

### Brigadier Missing

SPOKANE (AP)—Brig-Gen. Nathan B. Forrest, 2nd Air Force chief of staff here under the late Maj-Gen. Robert Olds, has been reported missing in action following the bombing of Kiel and Bremen, Germany, by U.S. planes June 13, his wife said today.

### Island Farmers Worry Over Crops

Vancouver Island farmers have ceased to worry about farm help at the moment and are worrying about their delayed and diminished crops, slowed down due to the weather, William MacGillivray, director of the Emergency Farm Labor Service, reported today on his return to Vancouver from a trip to the island.

"There is a surplus of strawberry pickers here," he said. "However the loganberry crop is expected to be exceptionally heavy and approximately 500 more pickers will be needed for it. Hay-making is also delayed but when the time comes to cut there may be difficulty getting sufficient help."

### 9 Workmen Drown

CHAMBOURD, Que. (CP)—Nine employees of the Consolidated Paper Company were drowned Wednesday, in La Lievre River, it was revealed today.

### British Subs Score

LONDON (CP)—British submarines operating in the Mediterranean, have sunk an armed Axis merchant ship of 7,000 tons, and destroyed two auxiliary vessels, two medium-sized supply ships, and eight small supply ships, the Admiralty announced today.

In addition, three large tankers, two large supply ships and a small tanker were damaged by torpedo hits, and a patrol of two Italian destroyers was engaged by a submarine. Results of the engagements were not ascertained.

**FLIERS MODERN KNIGHTS IN ARMOR**—Radioed from London, this is the first picture showing use of the new armored vest by American airmen in the skies above Europe these days. Pictured manning their guns in a bomber are Sgt. J. W. Fawcett, left, of East Orange, N.J., and Sgt. E. L. Fredrick of Norwalk, Conn., wearing the full-protection "garment" which drops over the head like a pinafore and laces up both sides. It can be dropped by pulling one string and it weighs 16 pounds.

## U.S. Taking Over Active Control of Mines

WASHINGTON (AP)—Interior Secretary Harold Ickes moved today to undertake active charge of the management of coal mines in the United States and indicated he expected to continue operating them for the government for a considerable time.

Hitherto Ickes has maintained only nominal control of the mines he took over at the President's direction May 1, but, calling 29 major mine owners to meet with him here Friday, he said: "Developments in the controversy between the mine workers and the operators which is under the jurisdiction of the War Labor Board indicate the government will be compelled to continue custody and operation of the mines for a considerable period of time."

In telegrams to the 29 mine owners, including presidents of several steel companies, Ickes said he wished to deal with these men as principals and that he did not expect them to send "proxies, substitutes or representatives."

### MAY RATION COAL

Ickes told a press conference that as a result of mine strikes in the last seven weeks it might be necessary to set up some sort of rationing or allocation system to assure fair distribution of coal.

He noted that Canada and the northwestern United States are dependent on Great Lakes shipping for much coal and said a steady flow of supplies is necessary so movement of this coal can be completed before winter closes the lakes, otherwise the northwest "might be hit first" by a coal shortage.

### PISTOL AT HEAD

When a reporter asked whether Lewis had "pointed a pistol at the head of the government" in setting Oct. 31 as a deadline, Ickes replied, "Maybe he's pointing a pistol at my head." He said Lewis had not mentioned a deadline during his talks this week before the strikers were told by Lewis to go back to work.

### Cowichan Loggers To Ask Arbitration

VANCOUVER (CP)—Application for a board of arbitration to investigate the dispute over union recognition between the International Woodworkers of America and the Lake Logging Co. Ltd. of Cowichan Lake, will likely be made early next week.

Nigel Morgan, executive board member of the I.W.A., left today for Cowichan Lake to attend a meeting of the union. He said the employees of the lake logging operations would make their own decision regarding the board of arbitration, but that it was likely an application would be made early in the week.

### To Rule On Pay Request

VANCOUVER (AP)—Vancouver Street Railwaymen's Union has applied to the Regional War Labor Board for a 10-cent-an-hour wage increase for all classifications to cover the rising cost of living and a decision is expected shortly, Charles Stewart, union president, said today.

### Leading U.S. Diplomat R. Atherton Named Minister to Canada

WASHINGTON (CP)—Ray Atherton, one of the top figures in the United States diplomatic service, was nominated today by President Roosevelt as Minister to Canada. He will succeed Jay Pierrepont Moffat, who died in Ottawa a few months ago.

William C. Burdett was nominated Minister to New Zealand, and Roy W. Henderson, Minister to Iraq. A native of Brookline, Mass., Atherton has been in the diplomatic service since 1917, stationed in several parts of the world, and now is chief of the European division of the State Department. He is a former minister to Denmark and Bulgaria.

It was believed there will be no opposition in the Senate to his appointment to the Ottawa post and that his confirmation is assured. In addition, he was nominated as the United States Minister to Luxembourg, whose ruler, Grand Duchess Charlotte, lives in Montreal.

### PLAYS GOLF, TENNIS

A tall, slim man, Atherton belies his 60 years. He golfs in the 90's, plays a sound game of tennis and mixes easily with people. With a Boston background, he is not effusive or a back-slapper but he is an extremely popular official of the State Department, cultured and a cosmopolitan.

Educated at Harvard, he studied architecture in Paris for four years. He has kept up his French and still speaks it fluently. Returning to the United States, he tried architecture for two years but gave up the profession for a diplomatic career in 1917. He first was stationed in Tokyo, then in the old Chinese capital of Peking and then in the Philippines.

### Planes Collide, Derail Engine

SOUTHVILLE, Mass. (AP)—Two U.S. army planes collided and burst into flames at a high altitude today and one of them crashed directly in front of a six-coach passenger train, bound from Worcester to Boston, derailing the engine and five of the coaches.

One pilot parachuted to safety and the other was believed to have perished in his burning ship. None of the approximately 150 train passengers was injured, railroad officials said, but the engineer suffered a slight cut.

The Boston-bound express train passed the Rocklawn station shortly before the flaming plane came plummeting down on the right of way. Two coaches were set afire, forcing the passengers to leave the train hurriedly.

Firemen were summoned from nearby towns and reports said exploding machine gun bullets hampered their work. No trace could be found of the missing pilot.

## 1,000 Japs Drowned As Troopship Sunk

CHUNGKING (AP)—More than 1,000 Japanese troops were drowned June 1 in the sinking of a large enemy warship by a Chinese mine in the Yangtze River near Tungliu, Anhwei province, a Central News Agency dispatch said today.

A Berlin radio broadcast recorded by Reuters news agency today said the Red Army had broken into the main German defence line south of Velikie Luki, 80 miles from the Latvian border, but claimed the breach was sealed off by a Nazi counterattack.

## U.S. House Urges Naming Food Czar

WASHINGTON (AP)—Reflecting Congressional dissatisfaction over home front war operations, the House of Representatives agriculture committee today approved a bill to create a "food czar" with complete control over wartime food production, distribution, pricing and rationing in the United States.

The sweeping legislation, if it should become law, would take from the Office of Price Administration all food rationing and pricing powers and put them under the War Food Administrator, Chester C. Davis.

Approval of the bill was by an 18-to-8 committee vote.

## Repulse Lone Japs

WASHINGTON (AP)—The United States Navy announced today that Japanese planes had unsuccessfully attacked small American warships in the southeastern Solomon Islands region on two different occasions recently. In each instance only a single enemy aircraft was involved.

**MOB VIOLENCE HALTS IN DETROIT AS TROOPS MOVE IN**—It took U.S. army soldiers to stop Detroit's race riots. Troops in full equipment are shown surveying wreckage of a store on Hastings Street, the one on which hundreds of store fronts were wrecked and establishments looted.

# Germans Mass Troops In France, Says Stimson

## Thousands of R.C.A.F. Arrive In Britain After Safe Crossing

AN EAST COAST CANADIAN PORT (CP)—Thousands of young Canadian airmen have arrived in Britain after the safe passage of one of the largest R.C.A.F. movements ever to leave this port.  
Sailing with them were flying men from practically every Dominion, and representatives of the free, fighting forces of Norway, the Netherlands, France and other countries.  
Rounding out the completely air force movement was a small group of Canadian girls, members of the Women's Division of the R.C.A.F.

Trained to perfection in sky-fighting at an Ontario camp, a group of tall, blond, young Norwegians embarked here for the voyage they hoped would be but the first lap of a journey that eventually would take them back to the homeland.  
Two Netherlands fliers, both veterans of the 1940 campaign in the Lowlands, were among the

group of Netherlands going over.  
A "man with two countries" was PO. Bryan L. Good, formerly of Vancouver. He had gone to Australia in 1938, and after the outbreak of war joined the Royal Australian Air Force. He trained in Canada.  
Among the veterans aboard was Sqdn. Ldr. S. L. Sigurdson of Wynyard, Sask., with nine years of flying under his belt. He first won his private flying license at Winnipeg in 1934, and three years later joined the R.A.F. He returned to Canada two years ago and had been instructing since, at Moose Jaw and Weyburn, Sask.

He did not know what his duties overseas would be, but hoped, he said, they would include some longed-for action.  
Pilot officers among the hundreds of complete air crews were P. C. Brooks of Vancouver, D. L. Jackson, Haney, B.C.; M. Thomson, Saskatoon, and D. C. Evans, Okotoks, Alta.

July 24 next, Victoria will be host to Viscount Halifax, present British ambassador to the United States, Britain's Foreign Secretary at the outbreak of war.

## 1,000 Japs Drowned As Troopship Sunk

CHUNGKING (AP)—More than 1,000 Japanese troops were drowned June 1 in the sinking of a large enemy warship by a Chinese mine in the Yangtze River near Tungliu, Anhwei province, a Central News Agency dispatch said today.

## U.S. House Urges Naming Food Czar

WASHINGTON (AP)—Reflecting Congressional dissatisfaction over home front war operations, the House of Representatives agriculture committee today approved a bill to create a "food czar" with complete control over wartime food production, distribution, pricing and rationing in the United States.

The sweeping legislation, if it should become law, would take from the Office of Price Administration all food rationing and pricing powers and put them under the War Food Administrator, Chester C. Davis.

## Repulse Lone Japs

WASHINGTON (AP)—The United States Navy announced today that Japanese planes had unsuccessfully attacked small American warships in the southeastern Solomon Islands region on two different occasions recently. In each instance only a single enemy aircraft was involved.

## Viscount Halifax Coming July 24

**VISCOUNT HALIFAX**

July 24 next, Victoria will be host to Viscount Halifax, present British ambassador to the United States, Britain's Foreign Secretary at the outbreak of war.

It will be the first time on record that a British ambassador to the United States has visited this city while in office.

Making a tour of the northwest next month, Viscount Halifax, accompanied by Viscountess Halifax, and a son, Lieut. Richard F. Wood, the ambassadorial party will reach Seattle from Portland, Ore., July 21, coming on to Victoria July 24, it is announced by Harold C. Swan, British consul stationed at Seattle.

Government House has received no confirmation of the impending visit of Viscount Halifax. Unofficial rumors of the visit, however, have been current for some time in official circles.

It is believed that Viscount Halifax's visit here will be in the nature of relaxation after a strenuous period of official duties in Washington, D.C.

Lieut. Richard Wood suffered the loss of his legs in the north African campaign.

Viceroy of India from 1926 to 1931, Viscount Halifax was Secretary of State for Foreign Affairs in the British cabinet from 1938 to 1940.

In the following year he was appointed British ambassador to the United States, succeeding the late Lord Lothian.

## Justice Murder Hearing Adjourned

Preliminary hearing of William Mitchell, 50-year-old logger charged with the murder of teenage Molly Justice, was adjourned until Friday, July 2, in Saanich police court today.

C. L. Harrison, prosecutor, asked for the adjournment which stands the hearing over to a morning session starting immediately after city police court.  
Possibility Vancouver witnesses might be required for the hearing was seen in the action today.

## U.S. Coffee Ration To Be Increased

WASHINGTON (AP)—The next coffee rations in the United States will be on the basis of one pound in three weeks—the most liberal allowance since the beginning of rationing—the Office of Price Administration announced today.

The present ration is one pound for four weeks. The lowest ration has been one pound for six weeks, but for the most part one pound for five weeks.

(In Canada the ration is four ounces per week for persons over 12 years of age.)

## Fighter Planes Concentrating In Western Europe

WASHINGTON (AP)—Indications that Germany is moving huge forces into France and Italy in preparation to fight off an invasion were reported today by War Secretary Henry L. Stimson.

He asserted also that "an extraordinary lull" in ground fighting on the Russian front has occurred although the weather has been highly suitable for military operations.

There are indications, Stimson told a press conference that "the Germans are materially strengthening their forces in France." He added that reinforcements are understood to be moving in "for the fascists in Italy."

Stimson estimated that from 10 to 15 German divisions have been moved into France and several to Italy.

"They may or may not have been withdrawn from the Russian front," he said. "And they may have been reserves from central Germany."

He also reported that bombing raids over Europe in which large forces of Nazi fighter planes have engaged Allied bombers indicated concentration of air fighter strength in western Europe.

Stimson continued that reports showed that Germany is concentrating "large numbers of fighter planes for protection of military and industrial areas on the home front. Probably many were withdrawn from the eastern front which may be one reason for the lull in operations there."

## Curtin to Call General Election In Australia

By J. E. HOLDSWORTH  
CANBERRA (CP)—After winning a precarious 27 to 26 vote of confidence in the House of Representatives, Prime Minister Curtin announced in the House today that he would seek dissolution of Parliament after a supply bill and other formal legislation have been passed.

The Prime Minister gave no hint of the date when a general election would be called. He declared it was palpable that the capacity of the present Parliament to serve the country must be submitted to the people.

The motion of no confidence in the Curtin government was moved by A. W. Fadden, leader of the United Country Party, and criticized the administration labor policy, which it contended had adversely affected Australia's war effort.

The vote was taken after the longest continuous debate since the war started, lasting from Tuesday afternoon until early this morning. It concluded two all-night sittings.

## Justice Murder Hearing Adjourned

Preliminary hearing of William Mitchell, 50-year-old logger charged with the murder of teenage Molly Justice, was adjourned until Friday, July 2, in Saanich police court today.

C. L. Harrison, prosecutor, asked for the adjournment which stands the hearing over to a morning session starting immediately after city police court.

## Nazis Say Italians Leave Castelrosso

LONDON (CP)—The German overseas radio, in a broadcast recorded by Reuters news agency, today quoted reports that the Italians had evacuated Castelrosso, easternmost island of the Italian-dominated Dodecanese group.

(Castelrosso lies less than five miles off the south coast of Turkey. It is 75 miles east by south of Rhodes. Early in 1941 British naval forces made a landing on the island and then withdrew.)

The German announcer said the report of the Italian evacuation came from Ankara and added "there are reports in the Turkish capital that the Allies may start operations against the Dodecanese from Syria."

The Dodecanese islands lie around the southwestern tip of Turkey and command the entry into the Aegean Sea.

British military observers minimized the importance of Castelrosso, pointing out the tiny island probably had been garrisoned by only a few hundred soldiers.

# Allied Bombers Burn Up Airfield At Comiso, Sicily

## Italian Planes Venture to Syria

ALLIED HEADQUARTERS, NORTH AFRICA (AP)—R.A.F. heavy bombers from the Middle East command swept across the Mediterranean to attack the enemy airdrome at Comiso in Sicily Tuesday night while twin-engine Wellingtons from northwest African bases blasted Olbia in northern Sardinia.

Communications today said the heavy bombers caused two violent explosions and set two large and a number of smaller fires at the Comiso airdrome and that the Wellingtons left several fires burning on the Olbia docks.

Fighter-bombers based at Malta were reported in a Valletta bulletin to have attacked railway sidings at Pozzallo, Sicily, Wednesday. A Spitfire patrol from Malta island shot down a Messerschmitt 109.

The bulk of the U.S. air forces remained idle Wednesday. Only routine patrolling was carried out during the day, Allied headquarters announced, but a plane of the coastal air force sank an enemy tanker.

**HANGARS BLOWN UP**

The Cairo communique said that bombs dropped by the R.A.F. heavies were seen to burst in the hangar and workshop areas on the north and south sides of the Comiso airdrome.

All the Middle East bombers returned safely, but the northwest African headquarters reported two aircraft missing from the day's operations.

The attack on the Sardinian targets represented a departure from the pattern of this week's major bombing forays, all of which have been directed at objectives on Sicily or the Italian mainland. Allied bombers paid their last big visit to Sardinia last Friday.

The Wellington bombers set fire to a ship in the harbor and started other fires in and near Olbia, it was announced.

The destroyed enemy tanker was a medium-sized vessel. It was caught by a Beaufighter at

tack on a small convoy north of Sicily.

The seaplane base and port installations at Olbia were primary targets of the Wellingtons, which flew through clouds over the Mediterranean, but found a clear sky at the target.

**ITALIANS HIT SYRIA**

LONDON (CP)—Italian planes Wednesday raided a British airdrome in Latakia, one of the areas of Syria where British troops have been reported massing, an Italian communique claimed today.

It also claimed six torpedo planes sank a 15,000-ton Allied steamer off the Algerian coast, and damaged a 7,000-ton tanker.

The war bulletin, recorded by the Associated Press from a Rome broadcast, acknowledged Allied air raids Wednesday on La Spezia, and Porto Empedocle and Catania, in Sicily.

Catania suffered great damage, it was admitted.

## King Decorates Gurkha With V.C. On Tripoli Visit

By REILMAN MORIN.  
Representing the Combined American Press

WITH THE KING'S PARTY IN NORTH AFRICA (Delayed), (AP)—The King has been viewing the ruins of the vanished Italian Empire in and around the Mediterranean.

He has even visited Malta, the tiny British-held island within sight of Italy itself and barely 15 minutes from the nearest enemy air bases. The Mediterranean has been swept so clear of Axis sea and air power that the King's party was never challenged anywhere.

After lunch one day he conferred the accolade on Gen. Sir Bernard L. Montgomery, commander of the 8th Army, and Gen. Sir Henry Maitland Wilson, commander-in-chief in the Middle East, both of whom had been knighted by proxy and about the ancient ceremony that completes it. The ceremony was performed beneath a tent pavilion in the desert outside Tripoli.

In the desert outside of Tripoli shortly afterward, the King pinned the Victoria Cross, Britain's highest military award, on the tunic of a little Gurkha sergeant, who was the first native of India to receive it during this war.

The sergeant decapitated 57 Germans in one night during the fighting at Mareth, personally clearing out a strongly-held position. He went out alone on reconnaissance, carrying his thin curved knife, and removed the head of everybody he met. He didn't return until he ran out of Germans. Then he reported that the position could be taken.

### ALMOST BEYOND BELIEF

The King said: "It was an unbelievable brave act." An officer translated and the sergeant smiled.

After inspecting a small portion of the 8th Army, the King sailed for Malta, arriving early the next morning, where Field Marshal Lord Gort, V.C., the Military Governor of Malta, met him.

The people of Malta carpeted the streets in front of his car with flowers and filled the air with a shimmering rain of confetti, meanwhile cheering, clapping and even weeping as he passed.

The Maltese people are fiercely proud of being racially distinct from the Italians. They are Phoenician in origin and profoundly British in sentiment.

On his return to Tripoli the King began reviewing the main portions of the British 8th Army. The trip took him hundreds of miles into the desert beneath brassy African skies that had not seen a British King in wartime since 1270, when Edward I came with his army of Crusaders.

## Home-Made Aircraft Crashes Flier Killed

CARMAN, Man. (CP)—Theodore F. Frobe, 29, injured when his home-made plane crashed near here Sunday, died in hospital Wednesday night. He had made several successful flights with the plane, which he made at his farm home.

## Rudy Vallee Promoted

LOS ANGELES (AP)—Rudy Vallee, former radio singer, now a band leader in the U.S. coast-guard, has been promoted from chief petty officer to lieutenant, senior grade, the coastguard announced.

**NEGRO'S AUTO SET AFIRE**—During Detroit race rioting an overturned negro's car is shown at the moment its burning gas tank blew up showering a passing passenger-packed streetcar with burning gasoline.

## Reconstruction Plans Proposed

OTTAWA (CP)—Application of provisions of the Prairie Farm Rehabilitation Act to all Canada and an immediate survey of Canada's national resources, with the object of providing employment and promoting a better-balanced economy were the principal recommendations in an interim report of the Commons reconstruction and re-establishment committee, tabled this afternoon in the House by Gray Turgeon, Lib., Cariboo, committee chairman.

The committee's work is continuing, but it submitted suggestions agreed on so far to permit early action.

"Our studies have convinced us that the many respects Canada's agricultural life would be greatly improved if the general provisions of the Prairie Farm Rehabilitation Act could be applied to all of Canada," the committee reported.

### PASSED YEARS AGO

That act, passed when the prairie provinces were suffering acutely from drought and price depression, provides for 'federal assistance in soil survey, in construction of water conservation projects like stock-watering dams and irrigation systems, in taking sub-marginal land out of production, in creating community pastures, and in educating farmers in scientifically tested methods of operation for particular conditions.

## Britain Preparing For Postwar Election

LONDON (CP)—The government announced today plans for a postwar general election—the first since 1935—in which persons serving in the armed forces will be enabled to vote by mail or proxy, a practice not permitted at the present time.

Herbert Morrison, Minister of Home Security, told the House of Commons the government intended to introduce legislation which would enable any person who has reached 21 to vote.

War-time elections have been held only to fill vacancies in parliament caused by deaths or resignations.

## U.S. Forces in S. Pacific Now Equal Australia's

CANBERRA (CP)—Prime Minister John Curtin, in a statement today, disclosed that United States land forces in the southwest Pacific now equal in number the Australian forces there and that United States air squadrons exceed the numerical strength of the Royal Australian Air Force.

He also declared "the battle for Australia assuredly has been won as has the battle for Britain, but that does not mean the battle for the Pacific is won."

"Some day," he added, "the people will be told how close a call we had in New Guinea."

The Prime Minister today appointed a royal commission to investigate a statement by Labor Minister Edward Ward that he had been reliably informed that an important home defence document was missing from the files of the advisory war council.

Ward was suspended from the cabinet pending the commission's report.

## School's Head Boy Joins Air Force

Reginald Edward Bailey, winner of Ker Cup... his name will go down in school history.

Classmates at University School saw a prairie lad, 19-year-old Reginald Edward Bailey, acclaimed most outstanding student on graduation day when he was presented with the Ker Cup. A coveted honor, the Ker Cup is awarded on a basis of 30 per cent scholarship, 30 per cent character, 20 per cent athletics and 20 per cent leadership. Here to see her son receive the award was Mrs. G. E. Bailey, who made the trip from Waterton Lakes Park, Alberta, where Bailey's father is superintendent of the government fish hatcheries.

Bailey has attended University School for the last five years, during which he has made a name for himself that will go down in school history, and this year completed senior matriculation. Held prefect during the past year, he also was on the first rugby 15s, the gym eight, and the track team. Captain of the shooting team, he was the best shot in the school. He also took part in the boxing finals.

An officer in the school cadet corps, Bailey enlisted in the air force on graduation, where he will begin training as a pilot.

## Say 2 Vichyites Slain

LONDON (CP)—The German radio broadcast a Paris dispatch today which said two Vichy French officials who were Vichy collaborators had been shot in Algiers. Further details were lacking and the report had no confirmation from any Allied source.

## Kosliuk Faces Trial

FORT WILLIAM, Ont. (CP)—Andrew Kosliuk, 58-year-old sectionman of Pawtek, Ont., held on a charge of causing "public mischief," was committed by Magistrate C. D. Lemay for trial at the next session of competent jurisdiction. The decision was handed down after Kosliuk, central figure in a saboteur hunt after he had told police of an attempt to wreck the Canadian Pacific Railway's Montreal-Vancouver flier, May 30, had been remanded twice.

## Macassar Bombed In Long Raid By Pacific Fliers

By MURLIN SPENCER  
ALLIED HEADQUARTERS IN AUSTRALIA (AP)—The Japanese, long undisturbed on the islands in the southwest Pacific while they seized resources and built fortifications, had a grim warning before them today—38 tons of bombs dropped on Macassar, Dutch Celebes, where no bombs had fallen since Japan won the battle for Java.

Allied fliers had to cover a round trip of 2,000 over-water miles in land-based bombers to strike in daylight Wednesday at Macassar, but they appeared in great force, squarely hitting an enemy cruiser and a cargo ship and starting dock fires visible for 70 miles.

Only one of the big bombers was lost. The only Japanese fighter to attempt interception crashed into its wing. The two fell together.

A spokesman for Gen. Douglas MacArthur said the flight was the second longest made in the Pacific war by land-based bombers, having been exceeded only by a bombing raid on Wake Island from Hawaii, round trip amounting to 2,400 miles.

While anti-aircraft batteries on the shore and from the cruiser and six merchant ships in the harbor fired constantly, the Liberator sent heavy weight of incendiaries and high explosive bombs, some of them 2,000-pounders, crashing down on the Juliana and Wilhelmina wharves. One of the 2,000-pounders hit the cruiser, which immediately was enveloped in smoke.

On the ground the Japanese also took a beating. Today's communique disclosed that Tuesday they made their third straight attempt to break through well-entrenched Australians on Lababia Ridge between Mubo and Salamaua, New Guinea, but were repulsed. Sixty-four of the enemy either were killed or severely wounded as against the wounding of only three Australians.

## Joins R.C.A.F.

Howard "Howie" Baker, eldest son of Mr. and Mrs. Norman Baker, 1210 Monterey Avenue, who has been accepted for training with the R.C.A.F. and has left for the Manning Depot at Edmonton. Howard received his education at Monterey and Oak Bay High schools, and latterly at Victoria College. He took an active interest in athletics and was a member of the college rugby team and also was interested in basketball and box lacrosse.

## Hull Bombed; Fires, Casualties

HULL, Eng. (CP)—Fifteen German raiders pounded the northeast England port city of 250,000 Wednesday night, showering down thousands of incendiary bombs in an attack that lasted more than an hour and caused fires that were not controlled until today. A museum and its valuable exhibits were destroyed, and part of the shopping centre and residential property were damaged.

The casualty toll still was climbing as rescue squads dug out the bodies of those buried in the wreckage of their homes.

Hundreds fled to air raid shelters clad only in night dress.

Hull was one of the first English towns raided in the war. It has had hundreds of alerts and underwent between 70 and 80 raids during the winter of 1940, during which 1,050 were killed.

One official recently estimated it would take 20 years after the war to rebuild the city.

Your chance. Visit rose show tomorrow, and all Saturday, Crystal Garden.

## Head Accountant In R.C.A.F. Reverts To Be Air Gunner

OTTAWA (CP)—Within a few weeks Wing Cmdr. Charles Gray, 35, director of accounts at air force headquarters here, expects to become "PO. Charles Gray, air gunner," because on graduation he will revert to pilot officer's rank to ply his new "trade."

The R.C.A.F. said in a press release today that Wing Cmdr. Gray has been waiting for two years for the chance to remuster to air crew. All that time he has been metaphorically punching an adding machine even while he dreamed of punching lead into enemy aircraft with a machine gun.

With air force minimum requirements for air crew relaxed to some extent, Wing Cmdr. Gray is approaching the realization of his ambition. Born in England, he came to Canada when 17 years of age.

His parents settled in Vancouver, where he later joined the staff of an insurance company. He was chief accountant for the firm before enlisting in the R.C.A.F. While in Vancouver he was an airman armorer in the 11th (Auxiliary) Army Co-operation Squadron, serving from 1936 until 1938, when increased civilian work led to his resignation.

Wing Cmdr. Gray re-enlisted in the R.C.A.F. in 1940 and later was posted to Western Air Command, Victoria, as an equipment officer. Subsequently he became director of accounts at air force headquarters, Ottawa.

"I am single, physically fit and under the new maximum age limit, so why shouldn't I remuster?" he asked.

First phase of his new career will be a ground school course at Trenton, Ont. Then will come bombing and gunnery school. Wing Cmdr. Gray is well known in Vancouver as an oarsman. With Clive McConnan he held the North Pacific 140-pound doubles championship from 1928 to 1933. He is also a skiing enthusiast, and has held several slalom and downhill titles.

## Mrs. Meloney Dies

PAWLING, N.Y. (AP)—Mrs. William Brown Meloney, editorial director of This Week, Sunday magazine of the New York Herald Tribune, and considered one of the leading women editors in the United States, died today. She was a member of the U.S. Senate Press Gallery, 1900-01; editor of Everybody's Magazine, 1917-20; editor of the Delineator, 1920-28.

## Lewis in Uniform?

WASHINGTON (AP)—John L. Lewis, president of the United Mine Workers, conceivably might be put into a United States army uniform under President Roosevelt's proposal to raise the draft age limit to 65 for noncombatant service as a strike-breaking device. Lewis is 63.

The effect of such an amendment on him, however, would depend on whether it was drawn to include union officers as well as workmen.

In weight of fish landed, the leading American ports in 1942 were, in the order named, Los Angeles-Los Beach, Monterey, San Francisco, Boston and Gloucester; in total value of catch Boston ranked first.

## Nazis Use Steam To Murder Jews 500 at a Time

LONDON (CP)—An almost unbelievable new method of Jewish extermination has been reported from underground sources in Poland to the International department of the British Labor Party—steam rooms where 500 persons can be executed by suffocation in 15 minutes.

The reports say the three major extermination camps in eastern Poland—to which even the Germans admit 254,374 Jews were deported from Warsaw alone by Sept. 21, 1942—are at Tremblinka, Belzec and Sobibor. Belzec was organized for extermination by electrocution, with Tremblinka the main extermination by suffocation camp.

The reports say the Tremblinka camp covers 20 square miles, and has a railway siding where people sent from the Warsaw ghetto are unloaded. The place of execution is a stone building composed of three chambers and a steam boiler, from which pipes lead to the death chambers.

"On arrival at the place of execution," this report says, "the Jews are forced to take off all clothing and are kept waiting in the open before they are driven into the death chamber in batches of about 500 at a time. They die of suffocation when the steam is forced to such pressure that they cannot breathe. Execution lasts 15 minutes, after which the bodies are buried in deep pits excavated by special shoveling machines working day and night. The camp is so organized as to be able to put to death at least 7,000 persons daily."

The report says the Germans

## Holiday Confusion Disturbs Manitobans

WINNIPEG (CP)—An appeal to citizens throughout Canada to form a united front in celebrating Dominion Day July 1 was made here by Dr. Thomas H. Cuddy, national president of the Native Sons of Canada.

"During the time of war, Canada's birthday should be held in more reverence than ever before," he said.

In Greater Winnipeg there is confusion among merchants. Some favor July 1; others plan to close their stores July 5 to afford workers a long week-end holiday.

The Manitoba government has proclaimed July 1 as the official holiday, while the Winnipeg city council has declared a holiday for July 5, the original date set by the Dominion government.

At least 700 retail grocers and meat stores, members of food distributors of Manitoba Inc., plan to close July 5.

use all psychological means to keep the Jews in ignorance of their fate until the last moment.

Overlooking the place where the Jews must give up their clothing is a sign: "Be calm about your fate. You are all going to work in the east and your wives will be occupied with household work. But before you leave you after you have bathed and your clothes must be given up for delousing. You should deposit your money and valuables with the cashier here. You will receive a proper receipt for them, and after you have bathed and your clothes have been deloused you will receive everything back in perfect order."

Not until the doors of the death chamber open do the doomed people realize what awaits them.

## Britain-North Africa Flights New Technique

LONDON (AP)—A new technique of air bombardment was demonstrated dramatically by several squadrons of R.A.F. Lancasters which early today completed a shuttle round-trip from Britain to Africa, bombing a German target on the way down and an Italian port on the run home without loss of a plane.

Canadian crews helped fly the aerial armada on its unique shuttle trip, it was learned here authoritatively.

The Air Ministry disclosed that the aircraft which devastated three acres of the old Zeppelin works at Friedrichshafen Sunday night continued to a north African base and returned home Wednesday night by way of La Spezia, Italy, blasting the naval base at the latter port.

This shuttle technique never was used before on a large scale at long range.

## ISLANDS BOMBED

The attack on La Spezia was but one of three or more newly reported aerial blows against Italy and her guardian islands.

Wellington bombers of the northwest African air force made a fire-setting raid Tuesday night on the northeast Sardinian port of Olbia, a communiqué from Allied headquarters said. Heavy R.A.F. bombers of the Middle East command generated two violent explosions and a number of fires in an attack on the airbase at Comiso, Sicily, it was announced in Cairo.

The Lancasters' extraordinary raid on La Spezia, which has a population of 100,000 and a number of ship and submarine build-

ing yards and repair depots, was the sixth since the war began.

## ADVANTAGES SEEN

Air observers said the most obvious advantage was that the raiders were able to land and re-service without retracing a course along which the enemy defences already had been alerted by the outward passage.

The Lancasters made a run of some 1,250 miles each way, going 500 miles to Friedrichshafen in southern Germany and presumably 750 miles more to the nearest north African bases.

On the way back they winged about 550 miles to La Spezia and 700 home. Thus each trip was somewhat shorter than the regular 1,400 miles round trip to La Spezia.

## DAYLIGHT ASSAULT

Formation of Allied planes picked up the offensive again in daylight today. During the morning aircraft were heard over Folkestone, winging toward northern France and Belgium.

Official air sources declined to speculate on whether the successful trial trips across Europe could be accepted as a pattern for the future.

Officially described only as "several squadrons" which means at least several dozen planes—the Lancaster force was strong enough to ravage three acres of the important radio location equipment plant in the Zeppelin works at Friedrichshafen and also to damage severely the Maybach Werke motor plant on the way out.

On the return trip the docks at La Spezia were bombed accurately, the communiqué said, and stores of oil set afire.

The La Spezia attack represented the first R.A.F. assault on northern Italy since April 18, when a big fleet of bombers hit the naval base there.

The Berlin radio said that Allied planes also were over Germany Wednesday night, asserting that a few "made nuisance raids" in the western sector.

Another German broadcast of a DNB dispatch, recorded by the Associated Press, charged a formation of R.A.F. planes attacked a German convoy off Flushing, Holland, from a low level this morning. The report was not immediately confirmed.

## RUHR AREAS DEVASTATED

A deadly cargo of more than 15,000 tons of bombs has been unloaded on Germany in the past month by giant R.A.F.-R.C.A.F. bombers, two-thirds of which have fallen on industrial centres in the Ruhr Valley where the Nazis themselves admit "incalculable" devastation.

According to British figures, 10,000 tons of explosives rained ruin in the period from May 22 to June 22 on seven arm centres in that area—Dortmund, Essen, Wuppertal, Bochum, Oberhausen, Krefeld and Mülheim.

Joining the R.A.F. and R.C.A.F. in this German-described "battle of the Ruhr," U.S. four-engine bombers struck the synthetic rubber plant at Huls, June 22, in their first venture into the highly industrialized valley, of which Propaganda Minister Paul Joseph Goebbels once said: "The destiny of the Ruhr is the destiny of Germany itself."

The valley already has become the most bomb-battered area in the world, and Britons say there is more still to come in the steadily-mounting Allied air offensive against all Axis-dominated Europe.

The Ruhr, which has 54 per cent of the hard coal of Axis Europe, 37 per cent of the pig iron, 34 per cent of steel ingots and castings, still remains, in the words of one high British official, "the world's best target."

"You can't pick up a coal mine and carry it away," he declared.

## King Visits Troops In Tripoli Sector

TRIPOLI (Delayed AP)—The King spent today (Monday) inspecting the 8th Army and men of the Fighting French and United States air forces, who have been fighting with the desert forces.

Gen. Sir Bernard Montgomery greeted the King when he came ashore at Tripoli from a Fighting French motor launch after the cruiser Aurora had brought him from Malta.

The King visited Malta during the week-end as a part of his tour of the north Africa and Mediterranean battle fronts.

All civilians were excluded from the streets of Tripoli during the King's visit. Houses were shuttered and soldiers with Tommy guns patrolled the roads or stood on guard on rooftops.

## Today's WAR NEWS Analysis

By MAX HILL

Associated Press War Analyst

The Axis still is worrying—and guessing—about the kind of attack the Allies intend to launch against Germany or Italy this summer in Europe.

Unidentified but evidently competent observers in Switzerland told Thomas F. Hawkins of the Associated Press that in their opinion the constant and devastating air attacks on Germany might well be the answer.

Germany herself is the "second front"—not some distant coastal point.

The First Great War finally was decided by the crushing weight of Allied production. The Allies are less than a month away from the time it took them to break Germany in 1918, and it doesn't appear such a collapse is likely again in the immediate future.

## 1918 NOW DWARFED

But Allied output now dwarfs that of the previous war in every respect.

Axis production, on the other hand, is bound to be on the downward slope because of the tons of bombs dropped on her essential factories and transportation lines. It is no wonder Germany must husband her remaining strength.

Allied fliers have returned from their raids over the Ruhr with stories of the damage done, but the best evidence that Germany is being hurt and hurt badly—comes from the Axis radio itself, and from the neutral capitals of Bern and Stockholm.

Dispatches from Swiss correspondents in Germany disclosed that the entire Ruhr valley now is virtually a military zone, with

authorities daily more concerned over the effects of the incessant bombing. This is not only because of what it does to production. Civilian morale is bound to drop under such a pounding. And even Hitler won't be able to maintain a solid home front unless the Nazis find some better answer to the attacks than they have thus far.

## QUOTATIONS SHOW CHANGE

It has been some time since Goering promised the Germans an invincible defence against such air attacks, but it has been less than a year that the Axis was doing plenty of tub-thumping over victories in the Mediterranean. Just a few quotes taken from the Rome radio of last summer are enough to show how definitely the picture has changed in the Allies' favor. They follow:

"It is now clear to everyone that the Mediterranean and the adjoining areas in the Middle East constitute the focal zone of the war. Italy dominates that zone."

"Any question of supplying Malta from the eastern Mediterranean is now hopeless."

"The Balbo road and the island of Pantelleria were both envisaged by the Duce's strategic foresight and duly prepared in years of peace. Now they permit the Italian and German armies in Africa to eliminate the word 'impossible' from their vocabulary."

Now the German radio obviously is being hurt and hurt badly—comes from the Axis radio itself, and from the neutral capitals of Bern and Stockholm.

Dispatches from Swiss correspondents in Germany disclosed that the entire Ruhr valley now is virtually a military zone, with

## **Premier Hart's Coat Off**

**BRITISH COLUMBIA'S COALITION GOV-**  
ernment has appropriated \$6,000,000 to be used as soon as possible for the construction of a connecting road between existing provincial highways and the Alaska Highway at Dawson Creek or Fort St. John. The provincial administration also is willing to spend between \$6,000,000 and \$7,000,000 on a railway connection between Quesnel and Prince George if United States military authorities will undertake the construction of a railway north of Prince George.

Such was the big load of British Columbia policy which Premier John Hart delivered to the assembled delegates at the second conference of the newly-created Pacific Northwest Trade Association in Vancouver yesterday. More than 50 businessmen from this province, Washington and Oregon figuratively took off their coats and rolled up their sleeves as they grasped the importance and significance of the statement which fell from the lips of the head of the government. It represents an immediate and encouraging sequel to the deliberations that took place in Seattle at the end of last month, not only because Mr. Hart's announcement is an official recognition in practical form of the aims and objects of the new international organization, but also because it reflects an earnest on the part of the provincial administration of its will to solid endeavor. Nor have the Premier and his colleagues made any mistake. Within the territorial confines of the last great frontier of this continent lie untold and unmatched natural resources that await intelligent development by men and women of broad vision.

Back of all the proposals for the future of this part of the continent to which the Pacific Northwest Trade Association is determined to address itself with all the vigor at its command is a complete recognition of the basic fact that unless the progressive people of the area involved make up their minds to do things for themselves, they will be left floundering in the backwash of business expansion that already is deriving its motive force from communities east of the Rocky Mountains. Nothing in this involves a program of piecemeal sectional advancement. The vast Pacific slope between Los Angeles and Alaska for hundreds of miles inland offers opportunities the corollary of whose capitalization necessarily will be continent-wide benefit. Moreover, an obvious and special role has been cast for British Columbia, Washington and Oregon.

This is not the place for discussion in minute detail of the general program with which the Pacific Northwest Trade Association proposes to concern itself. Premier Hart's announcement in Vancouver yesterday, however, is precisely what was necessary in order that both highway and railway proposals might be clothed in appropriate official garb. The task is now to work out plans as quickly as possible—to prove that this part of the continent can demonstrate in action the kind of teamwork demanded by the challenge of the immediate present and the vaster potential demands of the postwar period.

## **Is The Invasion Near?**

**ONLY A COMPARATIVELY FEW** people know when and where the United Nations will invade continental Europe. But many signs point to early action. Almost daily the unhappy folk of enslaved France are urged to be ready. Only yesterday the industrial workers of Holland were advised to absent themselves from Nazi factories if anyhow possible, to send their families from urban communities in which armaments are being manufactured for the enemy, because bombing raids soon can be expected to be on an even more extensive scale than that which has marked the recent acceleration over the Reich proper.

These warnings have an obvious meaning. Practically the whole of the huge Westphalian factory is now in such a battered condition as to require a larger output from industries in occupied territory to make up for the serious loss of output in the Ruhr Valley. It would seem to stand to reason that radio messages to the people of France and the Netherlands must have a specific portent; to put any other interpretation on them would be to suggest they are being wilfully driven into a sense of false hope. That, of course, is not to be thought of at this stage of the war.

More than two weeks have elapsed since Mr. Churchill informed the world "it is evident that amphibious operations of a peculiar complexity and hazard on a large scale are approaching." Nor was the Prime Minister speaking without the book. He is one of the few people who has the whole plan in his possession. And more than five months have gone by since this global conflict was examined, "theatre by theatre," by Mr. Churchill and Mr. Roosevelt at Casablanca—which means that all the multifarious detail of the offensive was agreed upon. We know, too, that Marshal Stalin was kept daily informed on all decisions reached.

Moscow's revived demand for a "second front" also recalls the fact that less than

two weeks before the Anglo-American invasion of north Africa began a similarly urgent note was struck in the Soviet Union; but Russian leaders certainly knew that the zero hour for the application of "coalition strategy" in the Mediterranean was about to strike. May not the latest reference to invasion have had its origin in the secret to which the Soviet chief is privy? It must have added, at any rate, to Axis jitters.

It is also to be noted that many newspaper and radio commentators from the United States have recently established themselves in Britain in readiness to handle "spot news" of much-to-be-desired events. Not all of them, by any means, have crossed the Atlantic merely to relieve others who have put in a fairly long term in London. Perhaps we may be endowing these "straws in the wind" with a little too much significance. But the tremendous blistering which enemy lands are now receiving from the air, plus Axis uncertainty as to what Marshal Stalin is up to with Russian armies that are merely waiting the signal to go all out after the Fascist beasts, would seem to herald those "operations" which Mr. Churchill saw "approaching" more than a fortnight ago.

## **Contrary To Fact**

**ONE PART OF A RECENT EXCHANGE** in the House of Commons between Hon. J. L. Ralston, Minister of National Defence, and Mr. Howard Green, member for Vancouver South, should be noted by Victorians who are directly interested in hospital accommodation in this community. The mainland member was exercising his right in asking for information on certain types of temporary structures authorized for purely war purposes, and he gradually drifted to a question as to why the Department had installed a new hospital in Victoria rather than accept a proposal to add to the Jubilee Hospital at much less expense. Mr. Ralston told Mr. Green that the deputy quartermaster-general, speaking from memory, advised him the department took over the Normal School in Victoria, spending about \$75,000 and providing, in effect, a 200-bed hospital. To have provided the same facilities in any other way would have cost between \$400,000 and \$500,000; and, the minister added, "it is a permanent building which can be used after the war."

Those who are at all familiar with the hospital situation in this community will be surprised at Mr. Ralston's statement, regardless of the source of his information. If the deputy-quartermaster-general informed the minister that \$400,000 to \$500,000 was necessary for the purpose of constructing a new wing at the Jubilee, he was stating something which he ought to have known was incorrect or, at least, subject to considerable qualification. What he obviously had in mind was a wing which would have required the installation of essential services, such as heat, kitchens, operating theatres, laboratories, X-rays, and so on, whereas the Jubilee is already adequately equipped to service a wing of 300 beds. We take it, however, that the official line of argument is all part and parcel of the Department's apparent desire to forego utilization and expansion of existing facilities to conform to a policy the wisdom and efficiency of which—both from the economic and medical standpoint—is open to grave doubt.

## **The Egg Supply**

**REPORTS FROM THE CANADIAN EGG** trade indicate that deliveries are falling short of requirements, which this year are estimated at a total of 345,000,000 dozen, including 63,000,000 dozen for the United Kingdom and about 29,000,000 for the armed forces. To cope with this situation, some people in the trade believe it will be necessary to resort to rationing. The magnitude of the task confronting the industry is indicated by the fact that, in 1941, egg production was estimated at only 244,000,000 dozen. In normal years, Canada barely supplied her own requirements.

One factor tending to increase domestic consumption is the rationing of meat—and the advice to the public to make up the deficiency by eating more eggs. Another factor was the increased demand for eggs by chick hatcheries in order to increase the number of chicks hatched. While, in normal years, the demand for this purpose was about 1,500,000 dozen eggs, this year the probable demand is set at 3,000,000 dozen. This will result in fewer for human consumption until the new chicks start laying.

Shortage of feedstuffs is reported to have kept production of eggs below expectations. In particular, poultry raisers are finding it difficult to get sufficient quantities of concentrated foods—fish oil, for example—owing to the wartime demand for certain products entering into the production of these foods.

## **Then And Now**

**LAST SUMMER AT THIS TIME THE** Rome radio was having the time of its life. It felt safe in "Mare Nostrum" and painted an Italian future in vivid colors. Here are some extracts that are now 12 months old:

"It is now clear to everyone that the Mediterranean and the adjoining areas in the Middle East constitute the focal node of the war; Italy dominates that zone."

"Any question of supplying Malta from the eastern Mediterranean is now hopeless."

"The Balbo Road and the Island of Pantelleria were both envisaged by the Duce's strategic foresight and duly prepared in years of peace. Now they permit the Italian and German armies in Africa to eliminate the war 'impossible' from their vocabulary."

One wonders what passed through Mussolini's head when he heard the account of King George's visit to Malta the other day. Perhaps the Duce's mind is as completely closed to "traffic" as is the Mediterranean to Axis shipping.

## **Bruce Hutchison**

### **SENSIBLE MEN**

**THE BROTHERHOOD** of Sensible Men has recently met in Washington, in convention assembled, to pledge itself to wear reasonable summer clothes during the customary American heat wave (which has not yet reached here at this writing). This is, of course, a forlorn hope and a lost cause. The Brotherhood of Sensible Men will never succeed.

If there had been any considerable number of sensible men in America the reform of men's clothing would have occurred long ago. The world holds no more pathetic sight than the civilized men of America, boasting of the highest living standard in the world, and yet sweltering in their hot suits while the savages of Africa go comfortably naked, the Arabs of the desert insulate themselves scientifically against the heat, and the stenographers at the next desk wear practically nothing at all, and offer comfort to themselves and interest to all observers.

In the winter, in the normal climate of North America, the situation is reversed. Then men dress sensibly and women go about half-frozen in silk stockings and flimsy dresses.

This, while we are on the subject, is one of the largest economic problems of the war, for it is necessary to keep most of the houses of North America at a heat of about 75 degrees all winter, at an enormous cost of fuel, because the women won't put enough clothes on; and men in the blizzards of Ottawa still wear their summer underwear and cannot wear sensible flannels because if they did they would die of heat prostration on entering the first building. That's where the coal goes.

### **OUTRAGEOUS JEST**

**WHILE WE ARE STILL ON** this fascinating subject, consider the latest revelation of M. Gustave Lamartine. M. Lamartine was the chief designer of women's hats in Paris before the war. One day, in a fit of despondency over his own art, he made a wager with Max Gerhardt, the famous Austrian hat designer. M. Lamartine bet 50,000 francs that he could design the most utterly preposterous women's hat ever conceived and have it adopted as a world-wide style within six months.

Of course, M. Lamartine won his bet. He was the inventor of the incredible hats that flourished just before the war and are still flourishing—the crazier the better. Women have told me over and over again that there is a spiritual value to crazy hats that I could not appreciate, a subtle influence on their souls, and a reflection of their divine natures. I have been assured that the crazy hat was invented by a genius who understood women's need of release, of escape. I have been told that this genius was thinking of the world revolution when he made hats like apple pies and lamp shades, and that in his own medium he reflected the current economic history of our race, the deep social change, the better days ahead.

I accepted this interpretation weakly, unable to argue but still suspecting that the explanation might be simpler. Now it turns out that the entire millinery style of our age is the result of a wager, and the work of a man who just wanted to kid the ladies.

### **REMOUSE**

**HAVING GIVEN UP** hat designing in favor of landscape gardening, M. Lamartine is now conscience-stricken to realize that his hat designs are a definite brake on the war effort. They use up vast quantities of materials, require innumerable hairpins which consume strategic metals, and rubber bands to keep them on. In a fit of remorse M. Lamartine tries to undo the work he has done, but he cannot. The Frankenstein of his own building turns upon him and cannot be controlled. The world is impaled on a hatpin.

Now all this record of insanity is quoted merely to introduce a certain sanity into public discussions of our present world problem. What I mean is that we had better not expect too much, too suddenly, from a race of men who haven't the sense to take their coats off in the summer, who swelter in preposterous garments merely because it is the style, and yet denounce their wives, day and night, for being slaves to fashion. To build a brave new world on a foundation of women who have all fallen for the jest of a Paris designer is not going to be easy.

Men who will accept the slavery of modern tailoring are hardly ready for the total emancipation of humanity. Women who are taken in by M. Lamartine are not yet equipped intellectually to resist the allurements of those political hat designers who are busy fashioning new models for our society each more weird than the last.

One should watch the Brotherhood of Sensible Men and see how it progresses. If it can succeed in making men dress themselves sensibly, we may hope that they can administer the world sensibly. If women's hats grow sane again we may hope for some returning sanity in society. But when an orator in a top hat and a sweltering tail coat addresses the comfortably naked nations on the superiority of the white races; when women wearing M. Lamartine's bad jokes try to bring culture to the women of China or to the sensible Eskimos, the gods must laugh.

### **FRENCH PROTESTANTS PROTEST**

Following the protest by French Catholics, the Protestants of France have in their turn registered a vigorous protest with the Vichy government against the inhuman treatment of the Jews at the instigation of the Germans. Pastor Boegner, head of the Protestants in France, and well known in Britain, took full responsibility for the letter he sent to Marshal Petain on behalf of French Protestants.

Protestantism in France has a great history, and though in numbers fewer than Catholics, Protestants are highly respected. In towns where Protestants are in number, every precaution was taken under the Republic that they should be fairly represented. Thus, at Montpellier, the judges appointed to serve in the courts were half of them Protestants.

At Aligues Mortes there is a monument to French Protestantism, the Tour de Constance, the prison tower where a young Protestant girl in the days of persecution cut into the stone the word "Resistez," which is there to this day. She could at any time have gained her liberty by abjuring her faith.

## **Italy's Other Famous Leaning Tower**

## **German Unions Urge Defeat of Hitler**

**OFFICE of War Information** at Washington has announced that German trade unionists held a "secret" conference in Berlin in April and issued an appeal to workers throughout the Reich to unite for the defeat of Hitler.

The appeal read: "Desperation, poverty, destruction, want and chaos are the achievements of Hitler's regime for Germany. Today everybody knows why Hitler has smashed the trade unions. There is only one way out."

In support of this bid of resurrection of the trade union movement in Germany, the Victory Committee of the German-American Trade Unionist has prepared a leaflet to be dropped over the Reich. The leaflet carrying signatures of sympathizers in the U.S., is headed: "German workers, brothers and sisters, points out that Allied victory is assured, and says there is only one way out for Germany, the overthrow of Hitler."

The strength of the trades unions in Germany now is of course a matter of guesswork. They have been completely underground for 10 years.

During the Nazi rise to power they showed excellent resistance to Hitler's infiltration tactics through Nazi cells and as late as April 1933 approximately 4,500,000 wage earners in the independent unions together with 700,000 in the Catholic unions remained loyal to their Marxist or Centrist leaders. They were, however, impotent as far as direct action went.

### **TO ROOT OF PROBLEM**

(From Montreal Gazette)  
Premier Stuart Garson presenting Manitoba's brief to the House reconstruction committee, put his finger on the crux of Canada's reconstruction problem—the British North America Act. He called for immediate recognition of this as the paramount issue, and immediate steps toward its solution.

Talk of social security is all very well, said Premier Garson in effect, but under present circumstances it cannot be done, except for unemployment insurance, the entire field of welfare and social insurance lies within provincial jurisdiction. But the provinces have not got and cannot get the money to operate any comprehensive plan.

Only two alternatives exist—either remove the matter from the provincial field, or give the provinces more money. The first means a constitutional amendment. The second, in addition to the other drawbacks, means either a constitutional amendment or reliance on financial devices which have proved themselves none too satisfactory, the devices of Dominion subsidy or Dominion-provincial co-operation. Co-operation, in most fields, is pretty clumsy; it has not worked too well in old-age pensions and other such schemes. Subsidy introduces the highly dangerous principle that money raised by one authority is spent by another—not, surely, conducive to sound finance if practiced on a large scale.

Premier Garson would have a federal-provincial conference on the matter at once. It seems a good idea.

### **UNDERSTANDING**

Stalin spoke with great satisfaction about the way Churchill and Roosevelt are working in such close contact. In my opinion there is every evidence that these three men know all about each other's plans. Joseph E. Davies.

because of the quarrelling between the Communists and Socialists within their ranks. The Socialists refused to take other than legal action against the Nazis, the Communists were ready for mass action, but unwilling to move without mass support.

On May 1, 1933, the Nazis decreed a great labor celebration. The General Federation of Labor

supported it. The affair was a tremendous success and Hitler said: "You will now see how untrue and unjust is the statement that the revolution is directed against the German workers."

On May 2 the Nazis occupied all trade union buildings and arrested union leaders. On May 13 they confiscated all union properties. Trade unionism in Germany was abolished.

# **CANADA NEEDS YOU STRONG**

Sold by **SAFETYWAY STORES, Ltd.**

**VITAMIN B-COMPLEX** is concentrated in the germ and certain layers of the whole wheat kernel. Yet these parts rich in vitamins were largely removed in milling former white flours. "Cold Roll Milling" retains most of the vitamin B-complex found in these parts. The new Kitchen Craft Vitamin B White Flour gives you 5 times more vitamin B than pre-war white flours. At least 400 international units in every pound.

**Bake with this better white flour that holds most of the wheat kernel's VITAMIN B-COMPLEX!**

**OUR COUNTRY** needs us strong and healthy. Every man, woman and child is urged to eat plenty of vitamin-rich foods. Especially baked foods made with Vitamin B White Flour.

In cooperation with the government we've developed a more nourishing white flour. Kitchen Craft Vitamin B White Flour (Canada approved).

This amazing new flour actually holds 5 times as much Vitamin B<sub>1</sub> (thiamin) as pre-war white flours! It also contains more riboflavin. More niacin. More of all the other B-complex vitamins found in the whole wheat berry.

Mind you, Kitchen Craft Vitamin B White Flour isn't a "special" kind of flour. It's an all-purpose home-type white flour that's guaranteed to work like a charm in your regular recipes.

Already thousands of Canadian housewives are changing to this improved, creamy-white flour. Why don't you try it? Canada milled, Kitchen Craft Vitamin B White Flour is the best quality all-purpose white flour money can buy. Perfect results guaranteed—or money back.

## **CANADA'S FOOD RULES**

**MILK**—Adults: one-half pint daily. Children: more than one pint. And some cheese.

**FRUITS**—One serving of tomatoes daily, or of a citrus fruit, or of tomato or citrus fruit juices, and one serving of other fruits, fresh, canned, or dried.

**VEGETABLES**—(In addition to potatoes, of which you need one serving daily)—Two servings daily of vegetables, preferably leafy green or yellow, and frequently raw.

**CEREALS and BREAD**—One serving of a whole grain cereal and four to six slices of Canada-approved bread, brown or white, daily.

**MEAT, FISH, EGGS, etc.**—One serving a day of meat, fish, or meat substitutes. Liver, heart, or kidney once a week. Eggs, at least three or four, weekly.

**PLUS OTHER FOODS YOU WISH**

## Not One Listing Of Family Rooms

National Housing Registry office at Victoria has reached the saturation point in so far as obtaining family dwelling units, Mrs. W. E. Rayfuse, manager, said today, as she reported that there was not a single listing for family occupation and few single housekeeping rooms available.

At present there are 850 applications at the registry from servicemen, war workers and civilians for family dwelling units, she said.

"Men from out of town working at shipyards are living in staff houses and waiting to bring their wives and families here as they cannot afford to keep up two homes. Hundreds of people are living with friends and relatives and still another group are staying in hotel rooms which they cannot afford," Mrs. Rayfuse claimed.

"Practically all the accommodation available are bedrooms, and most of them without board or use of the kitchen."

If the shipyards are successful in obtaining the additional workers they want from prairie and other points the National

## They'll Do It Every Time

Housing Registry will be faced with the supplying of accommodation for at least another 1,000 population within a matter of weeks, she continued.

Of 1,019 applications for accommodation received in May, Mrs. Rayfuse estimated that 400 of them were from newcomers. At the present time war workers get priority at the registry, but unless more accommodation is found war industry here will suffer, she said.

Just returned from a visit to the Port Alberni and Nanaimo registries, Mrs. Rayfuse found both very busy, with the Nanaimo registry placing 780 people since it opened on April 14. Co-opera-

## Flower Show Opens At Crystal Friday

Tomorrow afternoon, at 2, the doors of the south hall of the Crystal Garden will be opened by the Victoria Horticultural Society for the 20th annual summer show. It will continue

tion was excellent in Nanaimo, she said, when nearly every householder offering a single bedroom would also offer use of the kitchen. One hundred and forty-nine were offered in a three-week period.

till Saturday evening at 9, when most of the flowers and vegetables will be auctioned off.

Mayor McGavin has been asked to open the show at an official ceremony at 8 tomorrow evening.

The home cooking stall has been well stocked by lady members. This innovation will be an added attraction to many women.

Feature of the flower show will be the rose section, which comprises 25 classes, and this year several of the city schools have entered class 29.

Attend the rose show tomorrow, 2 p.m., and all Saturday, Crystal Garden.

## Blamed Unfairly Price Board Says

Tendency on the part of some retailers to blame the Wartime Prices and Trade Board when refusing to grant certain requests of customers is decry by a recent issue of the Retail Bulletin of the Wartime Prices and Trade Board.

The bulletin points out that "various instances of these policies which are not in accordance with board policy and which cause antagonism towards both the board and the retail store, have been brought to the attention of the regional offices."

As examples, the bulletin cites the following: A customer wished to return an article well within the 12-day period allowed, but was told that owing to the rules and regulations of the W.P.T.B. this could not be done.

"W.P.T.B. order 203 states that a retailer may accept goods returned within 12 clear business days from the date on which they were received," the bulletin states.

Another example cited is the following: A customer placed a deposit on an article and then changed her mind, and did not wish to complete the purchase. She notified the retailer within the 12-day period and was refused a refund on the deposit or a change of article. Again the retailer quoted the Wartime Prices as his authority for refusing the refund.

"There is no W.P.T.B. ruling that covers a case of this type. Some stores have a house ruling which prohibits the refund of a deposit. There is no board ruling prohibiting a retailer from refunding a deposit or transferring a deposit to another article. This policy must be decided by the retailer and is his responsibility," quotes the bulletin.

Another example is this: A retailer refused to deliver an order of fruit and vegetables, the bill for which was less than \$1. In refusing, the retailer quoted the board as his authority.

Explaining this case, the bulletin points out: "Order 203 permits a retailer to deliver merchandise valued at less than one dollar only if that merchandise is fuel in any form, fresh fruits and vegetables, bread, bakery products, milk, dairy products, eggs, meat, fish (other than canned), lard, shortening, box lunches, photographs, blueprints and photographic copies. In any other case the retailer cannot make a delivery of merchandise valued at less than \$1."

"Retailers must not attribute to the board responsibility for any practices that are not prescribed by orders of the board or its administrators."

A somewhat similar local case that came to light recently was that of a retailer who refused to grant a customer's request for one coupon's worth of sirloin steak. The steak was displayed in the complete piece, which would have required two or more coupons, and the butcher claimed that he could not cut it to grant the customer's request, citing the "government" as his authority. Questioned on this point, W. A. Hick, meat officer for the ration division of the Wartime Prices and Trade Board, said there was no such order of the board and the butcher must have been acting on a misunderstanding or on house orders.

## Pastor and Wife Guests at Farewell

Members and adherents of Wilkinson Road United Church gathered there Tuesday evening in honor of Rev. W. Allan who has ministered to this pastorate in honor of Rev. W. Allan, who are soon to enter a new field of work at Fairfield United Church, Victoria.

A. E. Campion was chairman for the occasion, and an excellent program was enjoyed, including instrumental selections by the Misses Helen Phillips and Jessie Swales, and vocal solos by Mrs. H. Allison, Miss Hannah Barr and Rev. W. Allan.

Tribute was paid by S. Green to the guests of honor for their faithful services to church and community, and reference was made to outstanding progress which had attended every department of church activity during their association with Wilkinson Road Church. On behalf of the congregation, Mr. Green presented Mr. and Mrs. Allan with a purse of money as a token of the love and esteem in which they were held by all as they left to take up work in the city. Mrs. Allan was also presented with a beautiful bouquet.

In responding, Mr. Allan referred to the special privilege enjoyed by Mrs. Allan and himself in ministering to such a faithful people, and paid tribute to the high standard of Christian zeal and devotion manifested throughout the years. The meeting was brought to a close by prayer and the Mizpah benediction. Refreshments were served by members of the Women's Auxiliary.

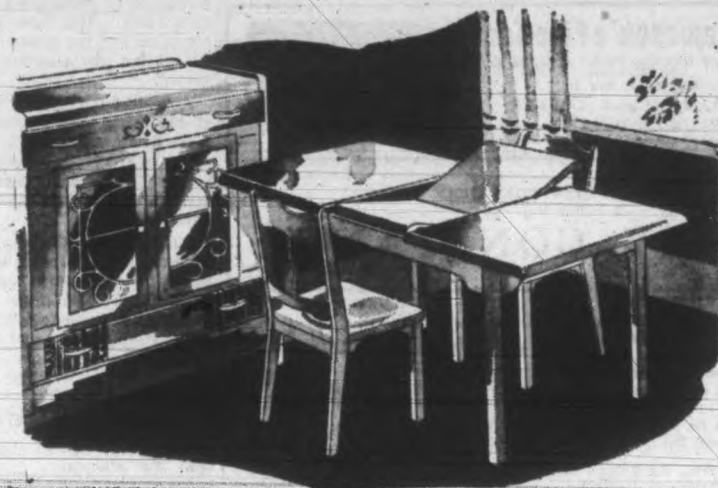

STORE HOURS:  
9 a.m. till 5 p.m.

WEDNESDAY:  
9 a.m. till 1 p.m.

## Inexpensive Furnishings For the Wartime Home

The demand for living quarters for wartime workers brings inexpensive furnishings into the picture very vividly. We are showing a selection of this type of furnishings, from which it will be easy to solve your problem.

### A CONVENIENT SIX-PIECE DINETTE SET

86<sup>75</sup>

This set is beautifully designed from natural wood, satin finished and red trimmed. The set includes a table with centre fly-leaf, buffet with double glass doors and chairs upholstered with red leatherette. Compact and moderately priced.

—Furniture, Second Floor

### DINETTE SET OF SIX PIECES

129<sup>50</sup>

This is an exceedingly practical but handsome set... in waterfall design... very suitable for a small home. The buffet has well-matched front panels, two drawers and double doors; the extension table has hinged centre leaf; the chairs are upholstered with red leatherette.

—Furniture, Second Floor

## MONK'S CLOTH Draperies

READY TO HANG

Draperies that will enhance the fine appearance of your rooms. A pair,

7.95

Draperies, 50 inches wide and 2 1/2 yards long. Attractive two-tone Monk's cloth, in cream ground, with brush trimmings, in shades of rust, brown, green, wine and blue, finished with pinch pleated headings and French heading hooks, complete with tie-backs.

—Draperies, Second Floor

New Weaves  
New Colors

## Large Size Axminster Rugs

With Rich, Deep Pile—Two Excellent Values

Rugs woven in one piece, attractively designed in pleasing colors. Each with fringed ends.

Size 9.0x10.6.  
Each

49.50

Size 9.0x12.0.  
Each

59.50

—Carpets, Second Floor

## MAKE YOUR FLOORS FULL OF CHARM AND BRIGHTNESS WITH RELIABLE FLOORCLOTH

PABCO CHALLENGE FLOORCLOTH with a fine-grade felt base and enamel finish. Good designs. Square yard, 69c

LINOPORT INLAID FLOORCLOTH—shown in a range of two-tone colors. A square yard, 1.49

## Florence Nightingale Letters Reveal Her As Canteen Host

The letter is written on pale blue paper in Florence Nightingale's legible hand. Dated Feb. 8, 1888, it describes a coffee house which she intended to establish for the purpose of enticing men away from pubs.

The letter is part of a Florence Nightingale collection—only one of its kind in Canada—which was presented to the Vancouver General Hospital School of Nursing by Miss Grace Fairley, former superintendent at the school.

Florence Nightingale knew her men. She knew she must make her counter-attraction good. "In all coffee rooms which have really answered and attracted the men I have known," she wrote, "there has always been some lady who has gone in on occasional evenings and entertained them. The best-managed coffee house in London is controlled by two women. They have plenty of influence over a very rough lot. She thinks of the coffee quality, too. "I would promise; let the coffee be good."

Photographs and mementos of the first British war nurse are also included in the collection which was brought back by Miss Fairley on various trips to England.

Included in the "Statements of Voluntary Contributions received by Miss Nightingale for the use of British War Hospitals in the East, 1854-56." Among the contributions are listed: Barrels of beer, raspberry vinegar, Welsh wigs, remedy for frost bite and Lady Southcock's gift of "The Sheltering Vine," written by the lady herself.

In a London auction Miss Fairley found a volume of Punch for 1856. In it was Mr. Punch's design for a statue to Miss Nightingale. Further search netted the statue itself. Only three of these statuette groups—done by Mr. Punch's designs—are in existence. Miss Fairley has now presented one of these to the Vancouver General Hospital training school.

task commensurate with their individual capacity. A more recent development in the Auxiliary Territorial Service in England is the use of its personnel with the crews of anti-aircraft batteries in the defence of London and other sites. They carry out duties entailing the operation of delicate instruments such as predictors, height and range finders, and identification telescopes. They also keep the "plot" of enemy planes as they move above our Britain and operate telephones that connect their battery with headquarters and the instrument site with the gun site. They do not, however, actually load, operate and fire the guns. The Women's Auxiliary Air Force have been able to release 7,000 men for air crew and ground crew when they undertook to man the operation of the balloon barrage units around London.

The present strength of the

## Found Morale High Among Airwomen

OTTAWA (CP)—Wing Officer Willis Walker, senior women's division staff officer R.C.A.F. headquarters, said on returning to Ottawa Tuesday, after a tour of western Canada, that she was "tremendously encouraged and inspired by the work members of the women's division are doing."

Wing Officer Walker, who visited 33 stations and units of the R.C.A.F. from Winnipeg to Victoria during her tour, said she heard praise for the women in air force blue everywhere she went. "We feel they are playing a vital role in the national war effort. The women are working hard, but they are fully conscious of their role in the war effort. There is a continuous need for more recruits."

She said the health and morale of the division throughout western Canada was "exceptionally high." Wing Officer Walker was accompanied on the tour by Sqdn. Officer Jean F. Davey, senior woman doctor for the women's division.

C.W.A.C. is slightly in excess of 10,000. This number is quite inadequate for the tasks they are likely to be called upon to perform. There are more than 50 trades, other than general duties, which members of the C.W.A.C. are needed for. They include accountants, teletypists, typists, stenographers, clerks, cooks, dietitians, draughtswomen, drivers, electricians, laboratory assistants, librarians, receptionists, sewing women, switchboard operators, tailresses, waitresses, etc.

There is an urgent need for women to enlist in the women's services of the armed forces and every encouragement should be extended to prospective recruits. The disposition of a woman to serve her country in uniform is highly commendable, and the very fact that she is willing to put on the King's uniform places her in a position to command the respect of every male civilian and soldier.

## Island Students Pass Tests Of Royal School of Music

The Associated Board of the Royal School of Music, London (Royal Academy of Music and Royal College of Music) today announce the names of successful Victoria and upper island candidates in the examinations held in May and June of this year. The names follow, and are not in order of merit:

(a) Mention it in your next letter, feeling there is no hurry about it?

(b) Write your thank-you note immediately?

#### Answers

1. Not unless you are quite sure they would enjoy knowing each other and that each has time for the other.
2. Yes. In that case it would be all right.
3. Yes.
4. Yes.
5. No. That is the bride's duty.

Better "What Would You Do" solution—(b) If you do not, the sender might think you have not received it.

#### Plane Costs Listed

OTTAWA (CP)—Munitions Minister C. D. Howe gave the House of Commons figures on the cost of Canadian-built planes, exclusive of engines but including sales tax. The figures follow: Anson \$45,000, Tiger Moth \$4,800, Bolingbroke \$63,500, Ly-sander \$28,600, Harvard \$20,000, and Hurricane \$33,750.

Lancaster and Mosquito types were just coming into production, the munitions minister said, and the unit price could not be given.

#### Labor Policies Defended

### 5,000,000 Canadians At Work or At War

OTTAWA (CP)—Debate on Canada's manpower policies occupied the House of Commons this afternoon, based on a lengthy statement made Wednesday afternoon by Labor Minister Mitchell when the House, in committee of the whole, reached labor's item in the \$3,890,000,000 war appropriation for the current fiscal year.

Mr. Mitchell's address was a defence of the administration of manpower policies which are under his jurisdiction, and he said these policies were the best possible to devise.

This brought applause from Liberal ranks and laughter from the opposition. J. G. Diefenbaker, Prog. Con., Lake Centre, Sask., who followed the minister, said this statement was an example of extravagance in overstatement.

Other speakers who followed were critical of the government's attitude toward labor unions and the example it set to industry in respect of recognizing the right of workers to organize for collective bargaining.

Mr. Mitchell announced that the order enabling National Selective Service to transfer men from certain occupations to others more essential had been extended to include males of 16, 17 and 18 years, instead of only those in the military age group.

He also announced power had been taken to direct into wood cutting and coal mining all males from the age of 16 to 65.

988,475 CALLED

Mr. Mitchell gave figures to show that about 60 per cent of Canadians 14 years old and up are in the armed forces or in gainful employment.

"Today in Canada 5,100,000 men and women out of a total population of 8,720,000 aged 14 and over are in the armed forces or at work," he said.

Of 988,475 men called for examination under the compulsory service law, 608,642 were examined and 126,963 accepted, the minister reported.

Mr. Diefenbaker said the demand of the opposition was "that there be equality of service everywhere in Canada, and equality in administration of the National Selective Service Act."

"I say without fear of contradiction that there has been equality of call for service everywhere in every province of Canada up to Dec. 1, 1942, there would be no shortage of manpower on the farms of western Canada and Ontario."

#### QUESTION OF PENALTIES

Mr. Diefenbaker said the penalties for draft evasion were so light that a man might profitably pay them for the privilege of remaining in civilian employment.

Angus MacInnis, C.C.F., Vancouver East, said the government, from the start of the war, had failed to appreciate the importance of the labor department.

Early in the war a "wealthy lawyer" had been made labor minister, instead of a man who could feel and think in line with organized labor. (This, presumably was a reference to Hon. Norman McLarty, now Secretary of State, who succeeded the late Norman Rogers as Labor Minister early in the war.)

Clarence Gillis, C.C.F., Cape Breton South, spoke of the problem of company recognition of the rights of its workers to organize and declared that if the government would establish and enforce this right beyond question it would go a long way toward prevention of labor disputes.

#### COAL POLICY HIT

Rev. E. G. Hansell, N.D., Mac-

House Owner Unable To Get Own Home

VANCOUVER (CP)—Magistrate Bruce Boyd ruled Wednesday that Mrs. Christine Macleod, a landlord who wanted possession of her home now occupied by 23 persons, should not have her request acceded to. He said the need of the landlord was not as great as the tenants, and that to grant her possession would "only add to the ever-increasing housing chaos in Vancouver."

Mrs. Macleod sought to obtain the premises from Andrew Lakusta, tenant, and it was pointed out that while there were 23 persons living in the home, and seven of them engaged in war work, the landlord's family consisted only of a husband and one son recently returned from active service.

EDMONTON (CP)—Police-woman Phoebe McCullough has handed in her resignation after four years on the force and Police Matron E. Pennefather indicated her intention to resign within a few days. A number of women who have frequented police cells over a number of years, got together last weekend and made a presentation to the two policewomen for being "regular guys."

#### Bennett Fearful Of Empire Criticism

LONDON (CP)—Viscount Bennett, former Prime Minister of Canada, told members of the Empire Day movement Wednesday that he feared one reaction from the war might be the renewal of criticism of the Empire not only in the United States, but also in the Dominions.

He said: "I have believed in the Empire since I was a boy, and the belief has grown more fervent than ever. The policy of the Empire throughout has been the negation of exploitation."

#### McKeen Named President

VANCOUVER (CP)—S. S. McKeen, president of the Vancouver Board of Trade, Wednesday was elected president of the Pacific Northwest Trade Association, D. K. Macdonald, president of the Seattle Chamber of Commerce, was elected vice-president, and W. E. Payne, executive secretary of the Vancouver Board of Trade, was appointed secretary, co-operating with Foster L. McGovern, assistant general manager of the Seattle Chamber of Commerce.

#### Collie Saves Farmer From Furious Bull

BEAVERTON, Ont.—Rex, the aged collie dog of farmer Harry Mitchell, 72, of Beaverton, is credited today with saving his master from almost certain death from the horns of an infuriated bull. Mr. Mitchell, who resides three miles outside Beaverton, was attacked by the bull as he passed through the barnyard. He suffered deep abdominal wounds. Mrs. Mitchell, who was in the farm house with the dog, heard her husband calling for help, and ran immediately the 100 yards to

the barnyard with Rex. Without hesitation the collie rushed at the huge bull and kept it cornered while Mrs. Mitchell got her husband away.

"There's no doubt at all that Rex saved his life," she said today.

Dr. J. M. Smith of Beaverton gave Mr. Mitchell emergency treatment for extensive bruises and a torn abdomen, and the victim was rushed to Lindsay hospital. Today hospital officials said Mr. Mitchell is getting along fairly well, although he will be on the danger list for a few days, following an operation last night.

"If it hadn't been for the dog, the bull would have killed Mr. Mitchell," Dr. Smith said. "I don't think there is any doubt about that."

The Tellico Wildlife area in East Tennessee is the only area in the western hemisphere where there are genuine European wild boars; imported from England in 1912, they escaped and multiplied rapidly.

### YOU'D NEVER BELIEVE SHE IS 48 . . .

"She's one of the prettiest, happiest-looking women you ever saw. At the time when most women think life is passing them by—she's right in the midst of things—always ready to go places and do things . . . as popular with the men as girls half her age. To look at her you would never believe she was a day over 35.

How does she do it? She gives the credit to Dr. Williams' Pink Pills . . . for well she knows how important it is to have plenty of rich, red blood during those years when so many women are "pulled down" in health by bodily changes.

If you feel "always tired", if you look pale and dragged out, if you are suffering from a feeling of nervous exhaustion, are jittery and irritable, you may be paying the price of poor blood makeup. Don't wait—start Dr. Williams' Pink Pills today. They contain an easily assimilable form of iron—fortified with a generous amount of Vitamin B—and are wonderfully effective in helping to build the rich, red blood so necessary to vigor and energy. Get a package today from your druggist.

Attend the rose show tomorrow, 2 p.m., and all Saturday, Crystal Garden.

#### Canning Sugar Coupons:

The 2 canning sugar Coupons marked "June" are valid until September 30th, 1943.

Meat and butter Coupons becoming valid before the 10th of a month, expire at the end of that month. Meat and butter Coupons becoming valid on or after the 10th of a month, expire at the end of the following month.

#### Summer Travelling

Persons travelling away from home and residing in a hotel, boarding house, or summer camp for one week or more are required by law to surrender their ration books to the proprietor or management of the establishment to which the following Coupons may be detached:

- 2 valid meat Coupons and 1 valid butter Coupon for each week of residence;
- 1 valid sugar Coupon and 1 valid tea/coffee Coupon for each two weeks of residence.

#### Address on Ration Books

For your own protection, keep the address on your ration book up to date. In the event of loss, this will enable its prompt return. You will also avoid the inconvenience of being without

a ration book or the necessary delay when making a Statutory Declaration for a new book.

#### Dairy Butter Producers

Dairy butter producers are required to register and make a monthly declaration of their sales and consumption to their Local Ration Board.

Coupons must be collected and turned in for all sales. If the producer's household consumes butter at the ration rate or in excess of it, all butter Coupons valid for the month must be surrendered from the ration books of the household. If the consumption is lower than the ration rate, only the appropriate number of valid butter Coupons need be surrendered. A combined declaration and return Coupon envelope (RB-61) can be secured from any Local Ration Board.

By PETE SALLAWAY

PROMOTER Jack Price lives up to his record, Victorians will see a first-class fight card here July 6 when the mainlander stages his outdoor show. In a chat with Price Tuesday, he informed us the forthcoming bout here between Harvey Dubs and Young Tommy Burns will mark his 64th promotion. "I don't want you to think I'm patting myself on the back, but no one can ever say I put on a bad fight," he said. "Of course I am the first one to admit that luck has played no small part in my success. Every fight promoter is liable to run into a poor fight through unexpected developments."

Price makes one believe in his determination to make his first promotion a good one. "I realize the fate of future cards rests entirely on the calibre of the opening promotion and for that reason I am signing up the best material available to assure Victorians of 35 rounds of high-calibre fighting." During the course of our talk with the promoter he told us of his efforts to stage a world championship fight in Vancouver between Jackie Callura, world featherweight champion, as recognized by the National Boxing Association, and Ken Lindsay of Vancouver, now a member of the R.C.A.F. Just to give you an idea of how high Callura rates himself, Price showed us a wire asking for a \$25,000 guarantee. "Guess we are living in the wrong country or else they think we are all suckers out in this part of the woods," was Price's final remark.

Taking in Tuesday night's softball games we noted the number of baseball players making their appearance in the various lineups.

## Promising Fight Card

## Service Stars Show

Cream of service fighters located in these parts will support the Harvey Dubs-Young Tommy Burns main event on the big outdoor fight card to be presented at the Athletic Park the evening of July 6. That was the word received today from promoter Jack Price who is busy lining up the show to provide Victorians with 35 rounds of boxing.

Price announced today that the entire net proceeds from the show will be turned over to local charity. "After the expenses have been met the remainder of the money will go to some charity or charities to be decided upon at a later date," he said.

Dubs, a member of the Royal Canadian Navy, will go into training immediately while Burns, a member of the Canadian Army, will also start preparing for the scrap. Burns will be brought to Victoria four or five days before the fight to enable the fans to get a chance to look him over in workouts. Price stated today that it would be impossible for Dubs to make the 147-pound limit and for that reason the fight would not be for the Canadian welterweight title.

Jackie Turner, Vancouver, and Pte. Bobby Parker of this city, who stole the show on the recent Dubs-Len Wadsworth card at Vancouver, have been rematched for the Victoria show and may possibly draw the semi-wind-up spot. Hank Egli, member of the R.C.A.F., located at Vancouver, will step into the ring against Sgt. Norm Dawson, well-known Vancouver battler. This should be a rousing battle.

Vic Murdoch, another well-known Victoria fighter, will appear on the card as will Hiram Berry.

## RIZZUTO MARRIED

NORFOLK, Va. (AP) — Phil Rizzuto, 24, former shortstop for New York Yankees and now a seaman first class in the United States Navy, was married Wednesday to Miss Cora Esselborn, 24, of Newark, N.J. Rizzuto is leading the Norfolk naval training station baseball team in hitting.

VICTORIA LTD. 100 YATES ST.

Victoria Machinery Depot came up with Ace Lowe, Babe Work and Al Euerby, while R.C.A.F. Flyers' lineup, included Jimmy Lowe, Percy Switch, "Nerfs" Parent. Other two teams in the circuit, Navy and Army, have not called on the hard-batters for reinforcements, but we wouldn't be surprised if they followed suit. Inclusion of Lowe, Work and Euerby gives the V.M.D. an entire baseball infield with George Syrotuck working at second base. And it is a mighty smooth one and should make the club a serious contender for the championship.

Since they got together and formed their association, the softball umpires are really clamping down on the senior players and making them adhere to the rules. Three or four times Tuesday night an ump called time and held up play while he waved a wandering player back into the dugout or made a coach get back inside his lines. Once they get the boys used to the idea of strict officiating the umpires should have a much easier time.

Well, the lads who kick a football around for fun have finally decided to call it a day for another season. After nine months of competition they apparently are ready to hang up their togs for 90 days. However, we feel certain if some die-hard soccer fan was to put up some kind of a trophy for a benefit competition, or such, the footballers would be willing to go at it for another month. First thing we know they will be playing the soccer around. Just why the soccer teams can't wind up their season by the end of April, at the latest, we have always been at a loss to understand.

## B.C. Horses Show Well at Winnipeg

WINNIPEG (CP) — Nitrogen, owned by Dr. F. Young of Vancouver, won the Free Press Handicap, feature event at Polo Park Wednesday, beating Western Prince and Squirrel.

Sweet Olive, winner of the first event, and Valinda Sun of the Bancroft and Snider Stable, Vancouver, winner of the second, provided a daily double worth \$71.30. The Vancouver stable got its second win of the card when Ebony Latch captured the third race.

In the seventh, Pancho, owned by H. Fandry of Calgary, came home in front with Safanad, second, and the Quinella playoff on the first two finishers was \$50.80. Story Teller, owned by S. Riddle, Muirhead, Alta., was third.

Results follow:  
First race—Purse \$400, claiming, for three-year-olds and up, five furlongs: Sweet Olive (Griffin) — \$4.40 \$1.05 \$2.48  
Second race—Purse \$400, claiming, for three-year-olds and up, five furlongs: Charley Ariel (Craigie) — \$3.70 \$2.90 \$2.50  
Third race—Purse \$400, claiming, for three-year-olds and up, one mile and 70 yards: Valinda Sun (Diaz) — \$12.70 \$4.50 \$5.85  
Fourth race—Purse \$400, claiming, for three-year-olds and up, one mile: Just Once (Smith) — \$1.10 \$1.10 \$1.10  
Fifth race—Purse \$400, claiming, for three-year-olds and up, one mile: Pepper Pot (Haley) — \$3.30 \$2.50 \$2.10  
Sixth race—Purse \$400, claiming, for three-year-olds and up, one mile: Time 1:55.2-5. Also ran: Sunnago, Black Memory, Delaney, Green Turban, 587  
Seventh race—Purse \$400, claiming, for three-year-olds and up, five furlongs: Ebony Latch (Haley) — \$2.80 \$2.50 \$2.25  
Eighth race—Purse \$400, claiming, for three-year-olds and up, five furlongs: Chief Ritchie (Allen) — \$3.90 \$3.10 \$2.50  
Ninth race—Purse \$400, claiming, for three-year-olds and up, one mile: Blue Stone (Smith) — \$2.10 \$1.70 \$1.50  
Tenth race—Purse \$400, claiming, for three-year-olds and up, one mile: Diament, Valinda Joy, Mr. Ever, Jack O' Spades.  
Eleventh race—Purse \$400, claiming, for three-year-olds and up, seven furlongs: Ronrico (Craigie) — \$10.50 \$4.50 \$5.25  
Twelfth race—Purse \$400, claiming, for three-year-olds and up, one mile: Brown Carse (Smith) — \$8.80 \$2.70 \$2.50  
Thirteenth race—Purse \$400, claiming, for three-year-olds and up, one mile: Rose Mountain (Summers) — \$2.10 \$1.70 \$1.50  
Fourteenth race—Purse \$400, claiming, for three-year-olds and up, one mile: Time 1:59.1-5. Also ran: My Feng, Legend, Call.  
Fifteenth race—Purse \$100, the Free Press Handicap, for three-year-olds, seven furlongs: Nitrogen (Smith) — \$4.85 \$3.15 \$2.25  
Sixteenth race—Purse \$100, the Free Press Handicap, for three-year-olds, seven furlongs: Western Prince (Dye) — \$3.05 \$2.15 \$1.75  
Seventeenth race—Purse \$100, the Free Press Handicap, for three-year-olds, seven furlongs: Time 1:38.3-4. Also ran: Race Track, Indian God.  
Eighteenth race—Purse \$500, allowances, for three-year-olds and up, six and a half furlongs: Sister Higher (Diaz) — \$12.30 \$4.50 \$5.85  
Nineteenth race—Purse \$500, allowances, for three-year-olds and up, six and a half furlongs: Tetros (Dye) — \$3.30 \$2.50 \$2.10  
Twentieth race—Purse \$500, allowances, for three-year-olds and up, six and a half furlongs: Time 1:36. Also ran: Mistress Platon, Asad, Jane, K. Cooke, Daddy, Contender.  
Twenty-first race—Purse \$400, claiming, for three-year-olds and up, one mile: Story Teller (Russell) — \$3.20 \$2.50 \$2.10  
Twenty-second race—Purse \$400, claiming, for three-year-olds and up, one mile: Time 1:56. Also ran: Wild Deer, Some Do, Macled Breise, Willie Marcus, King's Crest, Quinella \$50.80.

One-third of the fish meal, and a quarter of the marine animal oils, in the United States are products of menhaden fisheries.

## Seattle Ties Up Series to Decide Cellar Occupants

Seattle and Sacramento, where fans still get a nostalgic twinge when they think of happier days when their respective Coast League clubs were fighting it out for league leadership, Wednesday night fought another round in their "crucial" cellar series, with Seattle winning 3 to 1. The Rainier victory evened the current series.

The Solons nicked Joe Demoran for nine hits, but he kept them well scattered. The Rainiers touched Bud Byerly for only five safe blows, but most of them were hooked together at the right moment.

The Portland Beavers, newly arrived in fourth place, blasted out three runs in the fifth inning to defeat third-place San Diego 5 to 2 and gain a full game in the standings.

Up in the rarier air Los Angeles continued on its primrose path to the championship by downing second-place San Francisco by scores of 5 to 2 and 4 to 3 in a doubleheader.

Andy Pafko, who by last accounts was the league's leading hitter, got but two hits, but 12 of them were home runs. The Angels now lead the league by 9½ games.

Ralph Buxton twirled a two-hitter for Oakland and shut out Hollywood 1 to 0. He struck out 11. Bill Thomas allowed only five hits, but the Stars committed two errors behind him.

Scores follow:

First game—	R. H. E.
San Francisco	2 4 2
Los Angeles	5 12 3
Batteries—Joyce and Sprinz; Raffensberger and Holm.	

Second game—	R. H. E.
San Francisco	3 8 0
Los Angeles	4 5 0
Batteries—Epperly and Ogrodowski; Lynn and Fernandez.	

Third game—	R. H. E.
Hollywood	0 2 2
Oakland	5 0 0
Batteries—Thomas and Hill; Buxton and Raimondi.	

Fourth game—	R. H. E.
Portland	2 10 0
Portland	5 9 1
Batteries—Dasso, Merkle (5); Brillhert (6) and Salkeld; Cook, Wilson (6) and Adams.	

Fifth game—	R. H. E.
Sacramento	1 7 1
Seattle	3 5 0
Batteries—Byerly and Malone; Demoran and Sume.	

## Ottawa Athlete Ties Army Jump Records

PETAWAWA, Ont. (CP) — An Ottawa athlete, 2nd Lieut. A. Purdy, tied both the Canadian Army high jump record of 5 feet 4 inches and the all-Canadian Army Training Centre mark of 5 feet 2 inches at a sports meet here Wednesday in which nearly 500 officers and men of the Artillery Training Centre participated.

Purdy jumped 5 feet 10 inches. Second in this event was 2nd Lieut. W. N. Anderson of Saint John, N.B., and third place was taken by Gnr. H. Thierck of Hillcrest, Alta.

The winning team in the 880-yard relay included Lieut. W. J. Hogg of Winnipeg.

## Lopez Fined \$100

PITTSBURGH (AP) — Pittsburgh Pirates disclosed Wednesday that catcher Al Lopez had been fined \$100 by Ford Frick, president of the National League, for his dispute with umpire George Magurkurth on a called strike in Tuesday's game at Chicago.

Lopez was called out in the ninth with a man on third and two men out. The Cubs won 1 to 0.

## SOX SIGN PITCHER

CHICAGO (AP) — The Chicago White Sox Wednesday signed Bob Miste, 22-year-old right-handed pitcher, formerly of Wheaton, Ill. College. Miste, a 215-pounder, standing 6 feet 2 inches, won seven and lost one game while pitching for Wheaton this spring.

## LIEUT. FRITZ HANSON

WINNIPEG (CP) — Sgt. Melvin (Fritz) Hanson, who sparked Winnipeg Blue Bombers to Dominion rugby football championships in 1935, 1939 and 1941, has been commissioned a second lieutenant in the Canadian (Active) Army, military authorities announced today. The diminutive blond halfback is on active service with the Winnipeg Light Infantry.

## KNOCKOUT FOR LARKIN

ELIZABETH, N.J. (AP) — Tippy Larkin of Garfield turned in a technical knockout over Bobby McIntyre of Detroit Wednesday night in the fifth round of a scheduled 10-round boxing bout. Taking command from the opening bell, Larkin felled McIntyre twice for counts of nine and had him helpless on the ropes when referee Joe Mangoli called a halt to the one-sided contest.

## One Way to Make Strike

Ruth Manross, left, her ball about to make crash landing, and Marjetta Longley roll as team simultaneously on same alley in Chicago aircraft plant, one releasing ball split second ahead of partner to keep them from colliding. Advocates claim that, for women, new game is faster, more exciting than old. It also affords more keggers opportunity to bowl on crowded hardwood.

## Brooklyn Wins Pair

## Crowds Cardinals

The world champion St. Louis Cardinals are supposed to be the only big league team in the big leagues this year and they are good; so good they can keep players like Jimmy Brown and Johnny Hopp and Danny Litwhiler lolling on the bench.

Yet the standings today show that Brooklyn Dodgers, an outfit of old-timers, is just half a game out of first place in the National League and harassing the Cardinals every step of the way.

Currently the Dodgers are on a six-game winning streak with five of these victories coming at the expense of the New York Giants, who lost both ends of a doubleheader Wednesday 7 to 2 and 6 to 0 and stumbled into the cellar.

In the first game Rube Melton pitched five-hit ball and in the second old Curt (Daniel Boone) Davis nearly treated the 27,747 to a no-hitter, going till two were out in the eighth inning before another veteran, Dick Bartel, tagged him for the Giants' first hit. Davis permitted another single in the ninth, but gave no walks.

The Cardinals were clipped by Cincinnati Reds 8 to 3 with the St. Louis ace, Mort Cooper, getting charged with his fourth defeat.

## CUBS LEAVE CELLAR

At Chicago the Cubs divided a doubleheader with Pittsburgh Pirates to move out of last place for the first time since early May. Claude Passeau pitched a five-hitter to win the first game 4 to 1, but the Pirates battled back to take the nightcap 7 to 5.

Boston Braves nosed out Philadelphia Phillies twice, 1 to 0 and 4 to 3, in a pair of air-tight pitching struggles. In the opener Red Barrett gave five hits to four Boston made off-Newt Kimball, Al Cokerhouser and Al Javery wrestled for 11 innings in the afterpiece, with Chuck Workman eventually breaking it up with a single.

The American League also produced some dazzling pitching, not the least of which was in a night game at Philadelphia as Boston Red Sox beat the A's 1 to 0 on a fourth-inning home run by Leon Culberson. Boston was held to four hits by rookie Don Black while the A's made five scattered singles off Oscar Judd, who gave way to Mace Brown for the final out in the ninth. The contest was interrupted by a practice black out.

New York Yankees and Washington Senators split a pair of shutouts to remain two games apart at the top of the standings. Milo Candini, the Senators' sensational rookie, achieved his seventh triumph without a defeat in the first game, 8 to 0, allowing six hits and himself hitting a home run and a double. Ernie (Jumbo) Bonham retaliated in the second game with a 4-to-0 blanking.

Hal Newhouser limited Cleveland Indians to five hits to win, 3 to 1, in the first game of a doubleheader, and then Cleveland captured the second, 9 to 6, in 11 innings with a two-run homer by Jeff Heath in the final frame and spelling victory.

Chicago White Sox advanced into sixth place by trimming St. Louis Browns, 4 to 3.

## NATIONAL LEAGUE

First game—	R. H. E.
New York	2 5 1

## Dumeah Pitches Navy To Smart Baseball Win

## Ray Getliffe's Retirement Just Another Headache

By CHARLES EDWARDS

TORONTO (CP) — Ray Getliffe's announced retirement as an active player with Montreal Canadiens brings to light a new worry for the National Hockey League. Getliffe figures it doesn't pay him to accept all that dough from Canadiens. Here's the story disclosed by Chick Appel of the Stratford Beacon-Herald.

Getliffe owns a retail shoe business in Stratford where his wife and two children reside. Last year Ray was only induced to join Canadiens by a substantial salary increase. But, says Getliffe, despite the larger salary, he figures income taxes and the higher cost of living in Montreal left him only about \$50 ahead of what he would have accumulated by remaining in Stratford to look after his business.

Most hockey players have off-season jobs. Wages earned on these jobs take care of their income tax exemptions. Therefore they must pay anywhere up to 50 per cent of their hockey salaries in taxes. If they have to move their families to the city for the winter it costs them that much more to live. This angle would influence only married men. Single men don't usually care where they hang their hats.

## INCIDENTALLY

Detroit Red Wings of the N.H.L. are backing St. James Canadians in the Manitoba Junior Hockey League as a farm club but they're losing their farm hands fast. Jack Taggart is reported headed for Oshawa Generals, Tony Rockey and Dick Pratt for Brantford Lions and Murry Haydon and Doug McMurphy for St. Catharines. When a Calgary R.C.A.F. team beat Calgary Navy in a Foothills Baseball League game 28 to 9 last week, Max Bentley, the Chicago hockey ace, banged out five hits, a single, three doubles and a triple to lead the airman. He drove in four runs and scored four himself.

## Softballers Play Twin Bill Tonight

First place in the senior softball race now shared by three clubs, R.C.A.F., V.M.D. and Navy, will be pared down to at least two teams, following tonight's doubleheader program at the Athletic Park, starting at 6:30.

In the opening game the Flyers will hook up with the fourth-place Army to be followed by a battle between the Navy and V.M.D.

Results of games in minor divisions Wednesday night follow: O.T.C. 13, Spencers 0. Fletcher 6, Esquimaux 3. Spruce Products 10, Pacific Sheet Metal 6.

Douglas Tire 11, Naden I 1. V.M.D. 22, Spencers 8. Adverts 36, Hudson's Bay 11.

## Shirley Muir Sets Third Swim Record

VANCOUVER (CP) — Shirley Muir of the Vancouver Amateur Swimming Club, chalked up her third Canadian record Wednesday night in the V.A.S.C.'s annual trials. She won the 150-yard junior girls' backstroke dash, clipping one-fifth of a second off the mark set by Bernice Belbeck of Hamilton (Ont.) Athletic Club. Shirley's time was 2:01.4.

Miss Muir already holds the 50-yard and 200-yard backstroke records.

## Galento Fights For Entertainment Only

PATERSON, N.J. (AP) — Taking note of "an unfavorable wash-back" whenever Tony Galento has appeared recently, the National Boxing Association ruled Wednesday that any "barnstorming" the Orange, N.J., round man does from now on "will be strictly as entertainment and not in the guise of boxing competition."

Abe Greene, N.B.A. president, said he had advised Two-ton and his manager, Willie Gilzenberg, of the ruling, and that Gilzenberg assured him that from now on any bookings made for Tony will be "on the strict representation that he is appearing for exhibitions only."

Smoke meters have been developed to measure the density of smoke from internal combustion engines; the density indicates the quality of combustion.

## Gives Up Four Hits As V.M.D. Beaten 10 to 1

With Jimmy Dumeah showing the form that established him as a high-ranking hurler last season and, his teammates hitting the ball in the clutch, Navy blasted out a 10 to 1 triumph over league-leading Victoria Machinery Depot in Wednesday night's senior ball game before a large crowd.

Dumeah set down the V.M.D. with four scattered hits, struck out three and walked one. After his teammates got him the lead in the first inning the chunky right-hander was never in trouble. It was his best performance this season.

Result certainly tightened up the Rithet Cup race. V.M.D. still occupy first place with a record of nine wins and four defeats. Army rest in second spot with eight and four while the Navy are third with eight and five.

Army tackle the Eagles, Friday night, and a win will place them in a tie with the V.M.D. for top place and make Saturday night's meeting between the pair a battle for undisputed possession of the number one spot.

## 10 ERRORS SEEN

Exhibition afield by both clubs Wednesday night was nothing to write home about with 10 errors equally distributed. But the Navy managed to collect 11 hits, including a pair of doubles by Whitey Menard and Ken Van Hatten and were able to poke out safeties with the bags populated.

In addition the bluejackets gave the V.M.D. infield plenty of trouble with bunts and some fast running on the base paths. On three occasions the shipyarders got themselves into trouble when their infield opened up badly.

In beating the V.M.D. the Navy ended the winning streak of Tommy Musgrave, number one pitcher of last year's champions. Musgrave was missing his usual smart control and had to cut down on his power ball to find the plate with the result the Navy sluggers teed off on his pitches. Musgrave was yanked in the fifth after giving up seven hits and six runs.

Billy Burke, new addition to the V.M.D. mound corps, was called in to make his first appearance. The tall right-hander seemed nervous and in addition to giving up four hits for four runs, had two bad errors chalked against him. He struck out three and at times showed a neat turn of speed.

Van Hatten, who was powdering the ball hard in the main-league before joining the Navy Club, finally got his batting eye in the local circuit, piling out three for four.

## Short score follows:

V.M.D.	R. H. E.
V.M.D.	1 4 5
Navy	10 11 5

Batteries: Musgrave, Burke and Harney; Dumeah and Eifneft.

## NEW HAVEN, Conn. (AP) —

With the words, "I'll do my best. It's just like another fight," featherweight champion Willie Pep headed for the navy training station at Sampson, N.Y., Wednesday where he will change his ring togs for a navy uniform.

## Prince Oana Catches Berth With Detroit

DETROIT (AP) — In 15 years in organized baseball, Henry (Prince) Oana, Hawaiian handy man, has been practically everywhere but the big leagues, but Wednesday he caught on as a pitcher with Detroit Tigers.

A year ago Oana was an out-felder for manager Rogers Hornsby at Fort Worth of the Texas League. Hit batting average slumping down, Hornsby called Oana over one day, and declared:

"You hit like a pitcher. You might as well join the pitchers and throw like one."

Oana astonished everyone, including himself, by winning 16 games against five defeats for Fort Worth in the last three months of the season. His earned-run average was a phenomenal 1.71.

The Big Hawaiian got into his first game for the Tigers Wednesday, pitching three runless innings before Jeff Heath's two-run homer for Cleveland broke up the game in the 11th. Oana thus was the losing pitcher.

## Rowboat Derby at Brentwood Sunday

Plans are complete for the Victoria-Saanich Inlet Anglers' Rowboat Derby at the Inlet Sunday. Two weighing-in stations will be located at Stacey's and McKenzie Bay. All fish must be weighed in between 9 and 2. Prizes will be presented by "Doc" Smith at McKenzie Bay, starting at 4.

Contestants will find membership tickets and entrants' tickets on sale at Stacey's, Croeds, the Anchorage, Conways, all sporting goods stores and Room 508, Union Building, in the hands of Alex Provan, chairman of the tackle committee. All members must carry with them their membership and their entrants' tickets.

Here are the rules governing the Rowboat Derby: Starting point, anywhere in Saanich Arm; finishing point, Stacey's or McKenzie Bay; starting time, any time on Sunday; finishing time, 2, at Stacey's or McKenzie Bay. No entrant may fish from power boat with motor operating. Rowboats may be towed to fishing grounds. Rowboats must not be towed back if entrants have fish to be weighed in. If entrants are fishing from a motor boat, no lines are to be out while motor is running and motors may not be used until competition fish are weighed in.

Only one rod per person may be used, as many entrants may fish from one boat as desired. All those fishing in competition in one boat must be paid-up members, carrying with them their membership card and their entrants' ticket. Nonmembers will not be recognized in the competition.

The fine prizes chosen by the tackle committee are now on display in the windows of Wilson & Lenfesty on Government Street.

## Prince Oana Catches Berth With Detroit

DETROIT (AP) — In 15 years in organized baseball, Henry (Prince) Oana, Hawaiian handy man, has been practically everywhere but the big leagues, but Wednesday he caught on as a pitcher with Detroit Tigers.

A year ago Oana was an out-felder for manager Rogers Hornsby at Fort Worth of the Texas League. Hit batting average slumping down, Hornsby called Oana over one day, and declared:

"You hit like a pitcher. You might as well join the pitchers and throw like one."

Oana astonished everyone, including himself, by winning 16 games against five defeats for Fort Worth in the last three months of the season. His earned-run average was a phenomenal 1.71.

The Big Hawaiian got into his first game for the Tigers Wednesday, pitching three runless innings before Jeff Heath's two-run homer for Cleveland broke up the game in the 11th. Oana thus was the losing pitcher.

# FOR VICTORY VACATION NEAR HOME!

## Build Up Your Health During Summer Vacation

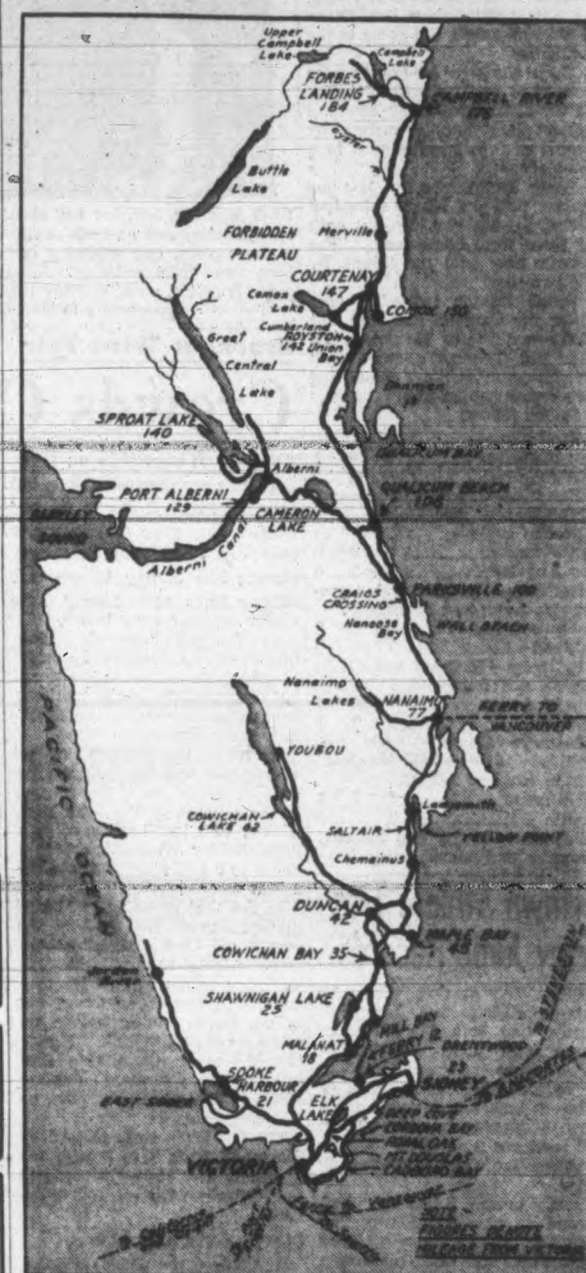

By E. L. FORBES  
This is a summer when every man, woman and child should look on vacation time as a period not simply of recreation—but of re-creation of health, energy and the will to do the things which must be done if victory is to be quickly won!

Vancouver Island provides just the right sort of background for a health-giving vacation. There are streams, lakes and the sea for good fishing. There are wood-land trails and country lanes for bicycling and hiking. There are warm sandy beaches for lazing and sunbathing. There is swim-ning, tennis and golf. Best of all there are fine resort hotels and cottage camps to fit every budget.

This year many of Vancouver Island's smaller summer spots are coming into the limelight as ideal places to find a health-giving vacation.

There are many of these de-lightful summer places, situated right along the highway between here and Campbell River. Two top favorites are:  
**Nanose Bay**—A fine beach re-sort on the highway north of Nanaimo. Good beach, splendid fishing, wonderful view. Shangri La, the cottage resort has all been completely remodeled and re-furnished this season. Cottages shining and clean with all modern conveniences.  
**Qualicum Bay**—Nine miles

north of Qualicum Beach. This delightful summer spot has all the fine qualities that make it an ideal spot for a quiet, restful holiday. Beautiful natural sur-roundings, coupled with comfort-able modern accommodation in either cottages, camps or a de-lightful summer inn. Lakes, streams and trails to explore in the district. Good swimming and fishing.  
At Green Gables Camp there is a spring of pure crystal clear water piped to all cabins and cot-tages. All other modern con-veniences. Casa Del Mar, the lovely little countryside inn also offers modern cottages right on the beach, with dining-room serv-ice.

Island resorts ready for vacationists.

**QUALICUM BEACH** 102 Miles From Victoria  
**Spend Your Vacation at QUALICUM BEACH**  
Many Hotels and Auto Camps. Warm Bathing. Two Miles of Sand. Golfing, Fishing, Riding, Boating.  
For Information Write: E. D. THWAITES, Secretary, Qualicum Beach Board of Trade.

**GRANDVIEW CAMP BEACH**  
The Camp That is Popular With Everyone  
Cabins—one and two rooms. Cottages—four and five rooms. All com-fortably furnished. Clean. Right on the beach. Store. Dance floor connected with the camp. Bicycles for hire.  
For Particulars, Write or Telephone Qualicum 443

**LOG CABIN INN**  
Modern, comfortable Cabins, completely furnished, with Hotel Service. Located on the Beach. Fishing Headquarters, Golfing, American Plan. Rates \$6.50 double.

**LIPTON'S**  
The Packers of  
LIPTON'S FULL-FLAVOURED (Small Leaf) TEA

others they were from \$13 to \$14, while in the remaining 19 they were below \$12.

**RETAIL MERCHANDISE TRADE**  
Retail sales in British Colum-bia totaled almost \$300,000,000 in 1941, according to preliminary fig-ures for the census of merchan-dising and service establishments. Sales during 1941 aggregated \$293,132,700 as compared with \$248,597,500 in 1930, in which year the previous census was taken. The volume of retail business was 19 per cent higher in 1941 than in the earlier period.

**Estimate U.S. Steel Loss**  
WASHINGTON (AP)—Statisticians in the fuel administrator's office estimated coal strikes in the United States in the last seven weeks cut coal production more than 20,000,000 tons, and war production board officials figure they resulted in a loss of from 75,000 to 100,000 tons of steel.

Your chance. Visit rose show tomorrow, and all Saturday, Crystal Garden.

**Here is the Secret of Sugarless Cake Quality**  
In any cake recipe, success is surer if you use Swans Down Cake Flour. But specially in sugarless baking, you need the lightness, the tender texture, which Swans Down gives to cakes.  
Carefully milled from choice, soft wheat—then sifted through silk till it is 27 times as fine as ordinary flour—Swans Down makes any cake a lighter cake.

**Surprise Sugarless Cake**

1 1/4 cups sifted Swans Down Cake Flour  
1 1/4 teaspoons Calumet Baking Powder  
1/2 cup butter or other shortening  
1/2 cup sugar  
1/2 cup milk  
1/2 cup vanilla  
2 egg whites

Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening with orange rind; add sugar gradually, beating well. Add 1/4 of flour and beat. Add egg yolks, beating well. Add remaining flour, alternately with milk, beating very well. Add vanilla. Beat egg whites. Stir quickly into batter. Bake in two greased 8-inch layer pans in moderate oven (375°F) 20 minutes.

**SWANS DOWN CAKE FLOUR**  
A Product of General Foods

**Double Action Means Better Baking**—In the mixing bowl, Calumet Baking Powder releases thou-sands of tiny bubbles to make the batter feather-light. Then, in the oven, the second action takes place—still more thousands of bubbles lift cake or biscuits high and evenly.

**CALUMET BAKING POWDER**

## Ontario Tops B.C. Wage Level

**WEEKLY EARNINGS OF MALE AND FEMALE WAGE-EARNERS**  
Average weekly earnings of male wage-earners employed in the manufacturing industries of Canada as a whole amounted to \$24.78 in 1940, an increase of \$4.47 or 22 per cent as compared with 1934. However, due to an increase of one hour in the aver-age hours worked per week, aver-age hourly earnings advanced from 40.7 cents in 1934 to 48.7 cents in 1940, an increase of 19.6 per cent. Male wage-earners in Ontario received the highest aver-age earnings of 26.83 per week, British Columbia came second with \$24.50, Quebec \$22.75, Al-berta 22.53, Saskatchewan \$20.67, New Brunswick \$20.54, Nova Sco-tia \$20.47 and Prince Edward Island \$15.31.

In comparing weekly earnings of the major industrial groups, it is found that the iron and steel group reported the highest earn-ings of \$30 per week, being fol-lowed by the other groups in the order named: Non-ferrous metal products, \$27.45; non-metallic mineral products, \$24.90; chem-icals and allied products, \$24.16; wood and paper products, \$22.10; animal products, \$21.98; textiles and textile products, \$21.79; vege-table products, \$21.25; and mis-cellaneous industries, \$20.82.

Average weekly earnings in 1940 in the 40 industries employ-ing the greatest number of male wage-earners ranged from \$39.08 for automobiles to \$17.26 for sawmills. In only five industries were weekly earnings above \$30. These industries in order of their importance were: Automobiles, automobile supplies, petroleum products, shipbuilding and re-pairs, and aircraft. In 17 other industries earnings ranged be-tween \$25 and \$30 per week. In 13 others they received between \$20 and \$25, while in only five were they below \$20 per week.

Female wage-earners received on an average of \$13.49 per week in 1940, an increase of \$1.69 as compared with 1934. Workers in Ontario with \$14.37 per week were paid the highest wages. British Columbia and Manitoba, each with \$13.60, ranked second, followed by Quebec with \$12.70, Alberta \$12.69, New Brunswick \$11.64, Saskatchewan \$11.61, Nova Scotia \$11.19, and Prince Edward Island \$7.71. Female wage-ear-ners in the iron and its products group received the highest wage of \$15.87 per week, while in the vegetable products group they received the lowest wage of \$12.02. In the textiles and textile products group, which employs almost half of the number of fe-male wage-earners employed in manufacturing, the average wage was \$14.02, 53 cents above the average for all groups.

Average weekly earnings of fe-male wage-earners have a nar-rower range than those of male workers. Weekly earnings in the 40 industries employing the greatest number of female wage-earners ranged in 1940 from \$18.67 for the fur goods industry to \$10.84 for fruit and vegetable preparations. In only seven in-dustries were average weekly earnings above \$15. These were: Fur goods, automobile supplies, clothing contractors, hats and caps, narrow fabrics, slaughter-ing and meat packing, and wom-ens' factory clothing. In seven other industries weekly earnings ranged from \$14 to \$15, in 16

## Meat Ration Starts Rabbit, Chicken Boom

"Run, rabbit, run"—might be the new theme song of this branch of the animal kingdom on Vancouver Island as meat rations limit steaks and chops.

A chicken run or a rabbit warren in every backyard may soon be the general rule, according to one pet shop owner today, who reported a tremendous increase in this branch of livestock since rationing came into effect.

The increase, said this dealer, Mrs. A. G. Cowie of a Douglas Street Pet Shop, started while rumors of rationing were in the air, and has been gaining ever since.

Mrs. Cowie said that literally hundreds of small homes in Victoria and district who had never thought of it before, were now raising rabbits, largely for their own use or for sale or distribution among their neighbors.

"We've never had such brisk trade in rabbits in all the 22 years we've been in business," she said.

She remarked that there was a slight boom in the rabbit business about 15 years ago, but that was connected with fur, and the demand was for Chinchillas, while today the types in demand are the meat rabbits such as Flemish

and Checkered Giant, sometimes called "spotters."

"Where formerly we sold rabbits only for pets, and usually to children, now our demands are from adults, and boys and girls who had supply of rabbits on hand have suddenly become big businessmen and are driving sharp bargains with eager purchasers."

### IN COMMERCIAL WAY

Mrs. Cowie said that while the majority of customers are going in for only a few, say two does and a buck, to raise just enough for their own use or for an occasional gift to a friend, others are starting in the business commercially. One woman, she said, has a breeding stock of about 90.

Prices are ranging from \$2.50 to \$7.50 for does and from \$1 to \$1.75 for bucks.

Among the keenest connoisseurs or rabbit stock, said Mrs. Cowie, are members of the Victoria police department, five or six of whom are enthusiastic rabbit raisers.

The increase in the raising of small stock also applies to chickens, said Mrs. Cowie, who pointed out that in previous years she sold as many as 50 settings in a season. This year she said, she could have sold 500.

## TOWN TOPICS

Six over-parking fines were collected in city police court today.

Commissioner David C. Lamb, C.M.G., LL.D., O.F., will address the Victoria Canadian Club at a luncheon in Empress Hotel, Monday, at 12.15, when he will speak on "Postwar Reconstruction." Commissioner Lamb will make special reference to immigration in his address.

It was announced today from Montreal that Maj. Bullock Webster of Victoria, who is provincial director of community drama for the education department, will be one of the judges of the Dominion-wide one-act play contest, sponsored by the Catespian Guild of Montreal.

St. Mary's Sunday school, Oak Bay, will hold the annual presentation of diplomas and prizes in the hall on Yale Street, tomorrow evening at 7.30. Sunday morning at 9.30 in the church a children's flower service will be held. Friends and children will bring flowers to be distributed to the sick in the Royal Jubilee Hospital and in the homes of the parish.

A decision from the city on the Children's Aid Society request for funds to continue its juvenile court work here from June 30 to the end of the year is sought in a letter from the society received at the City Hall today. City financial assistance was granted for the first half of this year, but no statement has been made to date on the second half.

## Queens Alumni

Lieut. Commander G. S. Graham of the Royal Canadian Naval College, Royal Roads, and recently professor at Queens University, Kingston, addressed the annual meeting of the Queens Alumni Association Wednesday evening at the home of Dr. H. A. and Mrs. McLeod, who were hosts to the members.

Commander Graham spent two years in Germany in the early thirties and was again in that country on research work in the summer of 1939 before the outbreak of war.

He spoke on international problems, postwar, political and economic relations, pointing out the great dangers of repeating the mistakes made at the close of the last war and the vital need for the smaller nations particularly to relax their individual sovereignty and to enter into full co-operation with the stronger allied nations for the maintenance of peace.

He stressed the importance of a peace based on justice to the victims without leaving an embittered Germany resulting in preparation for another war. He was greatly impressed by what he considered as one of the most potent underlying forces in Germany, namely, the dictatorship of the mind, which must be dealt with in all peace negotiations and treaties.

Dr. Bruce Taylor, former principal of Queens University, thanked Commander Graham, as one of his best-known students, for the excellent thought-provoking address and added some interesting reminiscences of his own experiences in Europe.

Officers of the association appointed for the ensuing year are: President, Dr. H. A. McLeod; vice-president, W. H. Hughes; secretary-treasurer (pro tem), H. S. Pringle.

## Victoria Hotels Can Accommodate Guests

William J. Clark, president of the Vancouver Island Hotel Association, stated today reports to the effect that there was practically no accommodation in local hotels were incorrect.

"There are rooms available to the traveling public in the hotels of Victoria during the week," said Mr. Clark. "The week-ends are busy, but rooms may be secured by reservations made several days in advance."

## Credit Unions Open Convention Friday

Delegates are arriving in the city to attend the convention of the B.C. Credit Union League.

This body, representing 94 credit unions from various parts of British Columbia, will open their sessions Friday morning in the K. of C. Hall and will continue until Saturday evening.

Representatives will be present from the parent association, Madison, Wisconsin, and the State of Washington, who will address a public meeting in the convention hall Friday evening, to which all interested in the movement are invited.

Saturday evening a complimentary dinner has been arranged for all delegates and a limited number of others. Details of this affair can be obtained from local Credit Union officials. Committees of the local chapter have been working for some weeks to ensure complete success.

## Income Tax Office Stays Open Later

Dominion Income Tax offices at Gordon and Broughton will remain open until 4.30 Saturday, and until 7 Monday, Tuesday and Wednesday next week, in order to facilitate filing 1942 income tax returns. Forms must be returned on or before June 30, officials state.

Suggesting that taxpayers file returns as early as possible, preferably by mail, the Income Tax department points out that no extension of time will be granted beyond the deadline of June 30, after which penalties will be enforced.

## Victory Garden Vandals Warned

Boys destroying produce in Victoria victory gardens face stiffer action from the authorities if they are caught, Police Chief J. A. McLellan said in a warning today.

His statement was prompted by a number of complaints from gardeners whose plots have been subject to varying degrees of destruction, presumably by youngsters.

"These gardens are made at considerable expense of time and money by their owners, who are entitled to harvest at least what natural pests leave without further depredations by thoughtless boys," the chief said. "Serious action will be taken against any who are caught."

## Must Register Rooms in Oak Bay

Private homes in Oak Bay used as apartment houses or multiple family dwellings must be registered in future, Oak Bay Municipal Council ruled Wednesday. A report on the matter was received from Fire Chief E. G. Clarys stating that 15 families were housed in one building. A by-law to enforce registration will be prepared.

The election to fill the vacancy on the Oak Bay School Board caused by the resignation of Sidney L. Hole will be held July 10 the council decided Wednesday, nominations being called for on or before July 5. A. D. Findlay will be returning officer and A. F. Mitchell his deputy. Council Wednesday received official word of Mr. Hole's resignation.

A request for \$100 from the Oak Bay Playground Association to carry on supervised play in the municipal parks during the summer was granted by council.

## Pass Coal Examinations

Hon. E. C. Carson, Minister of Mines, today announced successful candidates at the coal mine officials' examinations last month as follows:

Second class—Daniel Chester, Coak Creek; Thos. O. Hayes, Natal.

Third class—Thos. Walter Holley, Michel; Albert Little, Fernie; Jos. Kraus, Natal; David Thewlis, Michel; Thos. Frank Krall, Natal; Lawrence Hutchinson, Cumberland; Sidney Scott Hughes, Natal.

## Sweet-Tooth Thief Sought By Police

City police are on the lookout for some one with a sweet-tooth or use for glucose who has tapped supplies at Ormonds Ltd. to satisfy his wants.

According to a report filed with police today, 300 pounds of glucose have been stolen from a barrel in Ormonds Ltd. yard. A board was pried from the fence to permit access and a hole bored in the bottom of the large barrel to get at the glucose. A half gallon can was found by the barrel, presumably left there by the thief or thieves. Boys are suspected.

Canada has 35 women doctors in the armed services.

## Eggs, Canned Tomatoes, Corn Next To Be Scarce

That lean appearance grocery shop shelves are developing these days is due to the fact that the shops can get only half the number of items they could a year ago.

Wax and soda biscuits are filling the empty show spaces where the jams and the honeys and the special fruits used to be.

"I could talk about shortages all day," said the manager of one large downtown store today, "but to give you a few examples—canned fruits, the chief headache at the moment, are unobtainable and so is canned fish with the exception of herring. Items on their last legs are canned tomatoes, tomato juice and canned corn."

Overseas shipments are not the most important factor contributing to the lack of goods. Only item this manager knew as definitely pegged for overseas was higher grade sockeye salmon. There hasn't been any sockeye salmon on retailers shelves for a long time.

"Last year saw a short pack in both fruits and vegetables," he said, "and I'm afraid it will be the same story this year. At the same time the labor situation doesn't help."

Retailers are now able to release a small amount of canned milk. Most shops are following the policy of seeing people with babies supplied first. Regular customers can occasionally get jam or marmalade, neither of which items are on the shelves. "They wouldn't last five minutes if we put them out," said

one manager. "One store in town had a near riot when it tried and we save ours for people we know."

"Housewives don't seem to be heeding the warning that eggs will be scarce," he said. "We have a supply of water glass for preserving but there hasn't been a large demand for it so far."

Other "bad" items listed were syrup, on a quota, definite shortages of canned strawberries, sweet biscuits, out because of sugar lack, and dried fruits.

"How do we keep our shelves stocked?" said the manager. "Available supplies are spread around. Staple lines such as breakfast foods, flour and soap, all of which are plentiful, now take up more space."

"One section used to have nothing but canned fruits and vegetables," he said. "Now there are a few of the latter and the rest is filled with tea and coffee packages. Because of rationing we never run out of these."

A soup manufacturer who formerly put up a ready-to-serve product has changed to a condensed soup.

"Soups are the only thing we can get in any quantity," he said. "We're still able to obtain salad dressing and we've been promised a larger amount for summer."

"The largest demand of scarce goods in the past year has been for jam, marmalade and canned fruits," he said. "Last year people were allowed plenty of sugar but didn't make enough use of it. This summer, although housewives can obtain far less sugar, more and more are turning to home canning."

## R. H. Cox New McGill Examiner at Victoria

R. de Havilland Tupper, secretary of the McGill School of Music and vice-director of the Conservatorium who is in Victoria to examine students of McGill here, announced the appointment Wednesday night of R. H. Cox, L.Mus., McGill, as the new secretary for Vancouver Island of the McGill School of Music and the Conservatorium.

Mr. Tupper, a lecturer at McGill for more than a decade and well-known figure in music circles, spoke highly of Mr. Cox's intensive work, when recommending him for appointment to the vacancy caused by the death of Dr. J. Watson.

He spoke of his own interest in orchestral music and expressed regret that men of the forces were not given better music.

"In England," he said, "a small group of musicians went around with a few string instruments, giving concerts at the R.C.A.F. posts; the men liked them so much that now a full symphony orchestra travels regularly to each post and their coming is an event with the men. I think our men here would appreciate a little good music."

When he leaves Victoria Mr. Tupper will travel to Fernie to examine a large class of students. Students at Vancouver and Revelstoke have already been examined.

The liver of the swordfish has a high vitamin A content.

FRIGATE CONSTRUCTORS—In baseball a battery consists of a pitcher and a catcher, but in a shipyard it's a "heater" and a "passer," and these girls are among the best in the business. Eleanor Murland, left, worked in hotel in Edmonton until she decided to take a war job last November and come to Victoria. Now she's a "heater," baking rivets red-hot in a small forge and tossing them to her "catcher," Pearl Keating of Victoria, right. Miss Keating was a waitress in pre-shipyard life. This battery of Murland and Keating has distinguished itself for speed and efficiency in a tough industry where the order of the day is "hurry, hurry, hurry." One day they handled 1,152 rivets, an average of one every 21 seconds for a steady eight hours. Both girls work in a big "west coast" plant where frigates are being built for the Royal Canadian Navy.

## Restaurants May Have Two Meatless Days

"We will probably get down to two meatless days here," said restaurant owners here today, commenting on a report that eating places in Trail and Rossland, B.C., had decided to do so.

Stating that it was a little too early yet to know just how their meat ration was going to work out, restaurants said that nevertheless it was considerably reduced over what their meat requirements had formerly been, and they stated that the two meatless days per week would probably have to be instituted in Victoria before the summer was over.

Restaurants are getting only a percentage of what their former requirements were, said an official of the ration administration, W.P.T.B.

Owners pointed out that while they endeavor to serve fish wherever possible, as on Fridays, at present, they may soon be forced to make a second out-and-out meatless day during the week.

## Dies Says Agents Of Japs Fomented Riots in Detroit

WASHINGTON (CP)—Chairman Martin Dies (Dem., Tex.) of the House of Representatives today said his group had uncovered evidence that Japanese agents, working through established organizations, had promoted racial prejudice in the Detroit area, presumably to interfere with war production and break down home-front morale.

He said committee hearings on the Detroit racial riots of this week would begin next week. Recent testimony given by his committee by Ku Klux Klan officials, Dies said, indicated the Klan had enrolled many members in the Detroit area.

## CURFEW LIFTED

DETROIT (AP)—Curfew and other restrictions imposed by Governor Harry F. Kelly on nearby Oakland and Macomb counties after race rioting in Detroit this week, were removed today. Both counties include some Detroit suburban areas.

The orders affecting Wayne County (Detroit), providing for all law-abiding citizens to be off the streets between 10 p.m. and 6 a.m., except those en route to or from work, and prohibiting assembly, and closing all bars, remain in effect, however.

Those who did the killing and looting in the riots were hunted down relentlessly as the death toll climbed to 31.

## New British Commander Soon in Far East

LONDON (CP)—Prime Minister Churchill declined today to make any statement in the House of Commons on a new British command in the Far East, but said he hoped "to be in a position to make an announcement in the near future."

L. C. M. S. Amery, Secretary of State for India and Burma, assured the Commons that "Marshal Wavell's appointment as Viceroy of India does not imply any change in settled policy to which His Majesty's government are pledged in regard to development of Indian self-government."

He declined to answer a question as to whether an Indian had been considered as successor to Lord Linlithgow.

Sulfamerazine, a new sulfa drug, promises to simplify treatment as it can be taken by mouth for pneumococcus pneumonia, meningitis, gonorrhea and streptococcus infections.

Spain has many local raw materials which makes possible an extensive chemical manufacturing industry; they include pyrites, sulfur, potash, rock salt, and others.

## and remember,

if you are interested in music you MUST be interested in Fletchers. Everything here from a tin whistle to a Grand Piano—everything from a Sheet of "Swing" to a complete Album of Victor Classical Recordings. In Victoria, the name Fletcher and the word Music are Synonymous.

## Japanese Expect Drive On Burma

NEW YORK (AP)—The Japanese expect the Allies to begin an offensive in October in an effort to recapture Burma, and also anticipate new bombings of Japan from China and the Aleutians, a Tokyo broadcast reported by the Office of War Information indicated today.

The O.W.I. report said Tomokazu Hori, chief of the Japanese information board, also said in the broadcast that the Allied victory in north Africa had released British fleet units to join American naval power in the Pacific.

He added that "our enemies are constantly taking great pains to make plans, especially to carry out raids on Japan proper from China and the Aleutians."

## B.C. Salmon Pack, 1943, Small So Far

VANCOUVER (CP)—The salmon pack in British Columbia for the week ended June 19 totaled 3,422½ cases, a decline when compared with the pack at a similar date in previous years, the chief supervisor of fisheries reported today in the first bulletin of the 1943 season. Last year the pack at this date was 7,728 cases and the year before 17,630 cases.

Reports so far are confined to district 1, with bluebacks providing the principal pack of 3,321½ cases. The larger total in 1941 was due in part to fishing in district 3.

## U.S. Casualties To Date, 87,304

WASHINGTON (AP)—United States armed forces have suffered 87,304 announced casualties in all war theatres to date. Of that number 15,132 were killed in action or died of wounds.

Army casualties total 63,958, War Secretary Henry L. Stimson said, and the navy's latest list, also issued today, placed navy, marine corps and coastguard losses at 23,346, with 7,604 dead, 4,732 wounded and 11,010 missing.

## Greece Cradle Of Civilization

The history of Greece, where 3,000 years before Christ, the highest ideals of humanity were cultivated, was dealt with by Bishop Erineos, of the Greek Orthodox Church of San Francisco, before a large gathering in Christ Church Cathedral, Wednesday evening, incidental to the Greek War Relief campaign.

Reminding his audience of the great philosophers, Plato, Socrates; the world's greatest orator, Demosthenes; the poets, all of whom came from Greece, Bishop Erineos said: "In the ninth century Greece taught the Holy Gospel to the Serbians, Croats, Rumanians, and to Germany—Germany then the uncivilized county — now responsible for the destruction of the cradle of civilization."

The bishop spoke of the ruthless tyranny to which the Greeks are now being subjected, the historical cities which are being destroyed; Athens, the centre of the spiritual life of all civilized nations.

Bishop Erineos spoke proudly of the resistance of his countrymen in the face of overwhelming enemy invasion. "It took the enemy 42 days to conquer my spiritually unconquered country," he said, pointing to the fall of other European countries within a few days. "The enemy destroys the mountains, the cities and the bodies," he declared, with spirit, "but not the soul of my people."

"We must thank God the war is still away from us here," he said, "but we must be ready to

help the sufferers of Europe. We must remember Europe is very close to us now. We do not know when the enemy will come."

With the closing of his remarks, the bishop addressed a few words in the Greek tongue to his compatriots.

Thanks to the speaker were extended by Dean Spencer H. Elliott.

## New B.C. Companies

New companies registered at the Parliament Buildings in the last week include the following: Wallace Machine and Manufacturing Co. Ltd., \$10,000, Vancouver; Brett Farms Limited, \$50,000, Chilliwack; The Girls' Apparel Shop Limited, \$10,000, Vancouver; The Islanders Limited (for development of Quathlasi Cove as a tourist centre), \$50,000, Vancouver; Ocean Shipping Co. Ltd., \$10,000, New Westminster.

Registered under the Co-operative Act was Two Rivers Co-operative Farmers' Association, Baldonnel, B.C.

International Church of the Foursquare Gospel (Canada), Vancouver, and the British Columbia Engineering Society, Vancouver, were registered under the Societies Act.

First directors of the Engineering Society are Wm. H. Hill, Vancouver; Harry C. Anderson, assistant chief engineer for the Public Works Department, Victoria, and P. B. Freeland, Victoria, retired official of the mines department.

Detective Story

"Just Off Broadway," the latest and most exciting of the 20th Century-Fox Michael Shayne detective films, starts today at the Rio, starring Lloyd Nolan and featuring Marjorie Weaver, Phil Silvers and Janis Carter. Preview audiences have described the film as tops in fast-paced action, startling suspense and exciting romance. In the space of 24 hours Mike manages to act as both juror and prosecuting attorney—rounding up the culprit in the nick of time.

Sea Fighters Turn  
Amateur Nursemaids

The most graphic story of the sea since "Mutiny on the Bounty" comes today to the Atlas Theatre when M-G-M's "Stand By for Action," thrilling depiction of convoy duty under attack in the Pacific, with Robert Taylor, Charles Laughton and Brian Donlevy.

Comedy is mingled in the excitement when 20 babies are rescued from drifting lifeboats, forcing the sea fighters to turn amateur nursemaids between battles. Laughton's speech to the fighters is an inspiring recital that recalls his famous Gettysburg address.

## CAPITOL THEATRE

Zoot suits, those mystifying creations that first saw the light of day in New York's famed Harlem, are ultra-conservative compared to what John Payne and Jack Oakie wear in several scenes in their latest picture.

There is nothing on the market anything near the loud outfits worn by the two actors in 20th Century-Fox's new tinsel triumph, "Hello, Frisco, Hello," which is currently at the Capitol Theatre, and to make it double in apades the picture is filmed in technicolor.

Something very loud was needed for the musical numbers which the two actors do opposite Alice Faye and June Havoc in the Barbary Coast background. The final outcome was a three-button creation with broad bands of purple, green, yellow, red and brown. They wear wide-brimmed straw hats with purple and green bands, and huge bow ties of the same color.

## Where To Go Tonight

(As Advertised)  
ATLAS—Robert Taylor and Charles Laughton in "Stand By for Action."  
CADET — "Seven Sweethearts," starring Kathryn Grayson.  
CAPITOL — "Hello, Frisco, Hello," starring Alice Faye and John Payne.  
DOMINION — "Forever and a Day," with all-star cast.  
OAK BAY PLAZA — "The Amazing Mrs. Holliday," starring Deanna Durbin.  
RIO — "Just Off Broadway," starring Marjorie Weaver.  
YORK—Fred Astaire and Rita Hayworth in "You Were Never Lovelier."

Use Innovation  
For 'Lovelier'

To hit tops in musical brilliancy, Columbia employed for the new Fred Astaire-Rita Hayworth musical, "You Were Never Lovelier," now at the York Theatre, a trick credited to Paganini, great violinist of a century ago, and as far as known, never heard in radio or the movies.

The trick is extremely simple: the fiddles, backbone of every symphonic group, were tuned a half-tone higher than usual and treated as transposing instruments. When the over-tightened strings gave out in melody they spared higher and far more brilliantly than usual.

Morris Stoloff, Columbia's music head, wanted to try the device during the last Astaire-Hayworth tune film, "You'll Never Get Rich," but at the time had not liked recording aspects of the hopped-up strings.

## DOMINION THEATRE

A dead man swings an important land deal and helps to found an English dynasty in "Forever and a Day," a gripping story which begins during the Battle of Britain and sweeps back to the Napoleonic war of 1804, now being shown at the Dominion Theatre.

Twenty-one noted writers, six top-ranking directors and over 68 outstanding players combined their efforts gratis in this Anglo-American production, the proceeds of which will be devoted to United Nations war charities. Cedric Hardwicke and Lloyd Richards collaborated on the production of the film, which is released under the RKO banner.

ENDS TODAY AT 4.30, 6.56, 9.13

Dutch Tulip Field  
On Studio Lot

More than a hundred expert gardeners were needed to transfer a portion of Metro-Goldwyn-Mayer's back lot into a vast tulip field.

The locale for the new Joseph Pasternak production, "Seven Sweethearts," now at the Cadet Theatre, is a Dutch colony in the middle west. One set represents the village. Beyond the village there is an acre of tulips. For months Walter Fable, head of the M-G-M nurseries, and his gardeners were gathering the proper number of tulip bulbs. Hothouses, forcing houses and garden patches were all utilized for the plants.

OAK BAY AND PLAZA  
THEATRES

Hollywood, famous for its unusual contract clauses, comes up with a new one which may be difficult to surpass for originality. In the term pact between actor Edmond O'Brien and Universal Studio, a clause prohibits the performer from doing a play on Broadway for a year and a half.

And the astonishing part of the matter is that O'Brien insisted that studio executives put the clause in his contract.

O'Brien, who plays opposite Deanna Durbin in Universal's "The Amazing Mrs. Holliday," now being shown at the Oak Bay and Plaza Theatres, said:

"Hollywood and Broadway

EDWARD ARNOLD in "Eyes in the Night," with Ann Harding, now being shown at the York Theatre.

don't mix. You can do one or the other, but you can't do both simultaneously. If you try, you end up being neither fish nor flesh, but slightly foul in the achievement department. I know. I tried to mix movies and plays and I ended up by being so confused trying to decide which I liked most I couldn't do either well."

Roses, your favorite flower, tomorrow, 2 p.m., and all Saturday, Crystal Garden.

About Judges  
Draws Criticism

OTTAWA (CP)—Objection to a statement reported to have been made by Miss Agnes MacPhail, former member of the House of Commons, to the effect that judges are all "political heeleders" was taken in the House of Commons Wednesday by T. L. Church, Prog. Con., Toronto-Broadview, and Justice Minister St. Laurent.

"Certainly it is regrettable that declarations of this kind should be made by or attributed to persons as well known as Miss MacPhail who, for a number of years, was a member of this House," said Mr. St. Laurent.

"The statement is as unfortunate as it is unfounded. Declarations of this kind can have no other effect than to diminish the respect of the people for the administration of justice in this country and as such, they are deplorable."

"I shall direct the attention of the censors to this dispatch and see if arrangements cannot be made that such publicity will not be given to matters of this kind in the future."

"The censors should have stopped it," said Mr. Church.

(Speaking at a C.C.F. rally at Kenora Monday, Miss MacPhail said she had never met a "progressive judge," and, in referring to the appointment of a judge instead of a board to decide labor matters in Ontario, added: "They are all political heeleders." They wouldn't be judges.")

De Valera himself retained his seat in East Clare, and leaders of the other two top parties, William T. Cosgrave of the Fine Gael and William Norton of Labor, also both won re-election.

### A.R.P. Demonstration At Esquimalt Tonight

A.R.P. casualty clearing station at Lampson Street School will be scene of a demonstration of post operations at 8 tonight, Chief H. W. V. Pecknold, Esquimalt A.R.P. controller, announced Wednesday.

Mrs. J. Norman Ford, St. John Ambulance Brigade, will be in charge of first aid services and Miss C. L. Rose, R.N., will direct the nursing service during the display, which will be followed by an address by Lady Burdon, O.B.E., on similar work performed in London at the time of the blitz.

Esquimalt's newly-acquired ambulance will be on view at the demonstration.

About 90 per cent of the inhabitants of Bolivia are Indians.

### Prizes Presented At University School

Speech day at University School, closing the year, was marked by the presentation of academic prizes in the presence of about 150 parents, Old Boys and friends of the school.

Prayers by headmaster, the Rev. G. Herbert Scarrett, were followed by Scripture lesson reading by head prefect, R. E. Bailey. The headmaster, in his annual report, the 37th in the history of the school, referred to the numerous decorations earned by the Old Boys in the present war. One of the Old Boys recently decorated, Lieut. W. A. Garrard, was in the audience and was enthusiastically welcomed by the boys of the present school.

Archbishop Harding, formerly of Ruperts Land, told of schools of older days, and spoke of the aims and objects set before them by the school which they attended. He emphasized the call for Christian gentlemen which was set up by the world today. He ended with the clarion call, "In thought, faith, in words, wisdom; in deeds, courage; in life, service." F. E. Winslow, chairman of the board of governors, thanked the archbishop.

The archbishop presented the prizes as follows: Form 6, J. A. Kitson, N. S. Jackson, D. G. Anderson; form 5A, A. G. Beckton; form 5B, W. de Roos; form 4A, L. D. Thripp; form 4B, J. A. D. Stammers, J. L. Whitmore; shell A, A. T. Gordon; shell B, L. C. Hughes; shell C, D. E. Fox; senior Scripture prize, R. F. Stephenson; junior Scripture prize, R. G. Dalziel; headmaster's awards, R. E. Bailey, D. F. Stombe, J. A. Kitson and G. W. Coghill.

R. E. Bailey was awarded the Ker Cup. This cup is presented each year for the best all-round boy in the sixth form.

### Army Show Has Fine Musical Score

That the musical score of "The Army Show" is one of exceptional excellence is indicated through its popularity in the United States. Even before the revue had its official opening in Toronto, in early April, requests arrived from the big American broadcasting companies for permission to put "The Army Show's" tuneful numbers on the air.

One of the first requests came from the important March of Time on the Air, when Frank Norris, managing editor of that popular program, telephoned to Toronto a week before "The Army Show" opened and asked for permission to put the show's songs on the air.

No less than a dozen musical numbers, at least half of which are considered outstanding, comprise the musical score of "The Army Show," which, incidentally, comes to the Royal Victoria Theatre June 29 and 30. Music and lyrics for the show were contributed by Sgts. Frankie Shuster and Johnnie Wayne, Freddie Grant and Capt. Robert Farnon.

Some of the best-known and most popular of "The Army Show's" songs are "On Behalf of the General Staff," "Let's Make a Job of It Now," "Hya Mom," and "A Soldier, a Sailor, and an Airman."

### W. H. Robertson Named To Seed Directorate

CHARLOTTETOWN, P.E.I. (CP)—E. L. Eaton of Upper Canada, N.S., Wednesday was re-elected president of the Canadian Seed Growers' Association at the annual meeting here.

Honorary officers are: President, Geo. H. Clark, Port Nelson, Ont.; vice-presidents, Maj. F. L. Dickinson (on active service), T. J. Harrison of the Board of Grain Commissioners for Canada, Winnipeg; L. H. Newman, Ottawa; H. G. L. Strang, Winnipeg; R. Summerby, Macdonald College, Que.; F. W. Townley-Smith, Lashburn, Sask.

Directors, nominated by the association, include: British Columbia, W. H. Baumbrough, Vernon.

Directors, nominated by the various provincial agriculture departments, include: British Columbia, W. H. Robertson, Victoria; Alberta, A. M. Wilson, Edmonton; Saskatchewan, S. H. Vigor, Regina; Manitoba, Robt. Whiteman, Winnipeg.

### Fiery, Itching Skin Gets Quick Relief

Here is a clean, stinging, penetrating antiseptic that will bring you speedy relief from the itching and distress of Eczema, Itching Toes and Feet, Rash and skin troubles.

Not only does this healing antiseptic oil promote rapid and healthy healing in open areas and wounds, but soles and simple ulcers are also quickly relieved. In skin afflictions—the itching of Eczema is quickly stopped; the eruptions dry up and other skin eruptions.

You can obtain Eczema's Emerald Oil at any modern drug store.

### A.R.P. Organization Numbers 3,306 Here

Victoria A.R.P. organization, believed to be the first in Canada to adopt a definite procedure for telephone reporting of incidents, now includes a personnel of 3,360, Insp. A. H. Bishop, controller, stated Wednesday.

The largest single group consists of 1,776 air raid wardens, he said, with the remainder as follows: Staff 61, auxiliary police

and firemen 138, medical 799, engineering 282, transportation 152 and other services 98.

At present a survey of the approximately 10,000 homes in the city is being made by A.R.P. wardens in order to find the number of persons in each home.

Two thousand homes have been canvassed and purpose of the survey is to enable the A.R.P. to know the number of occupants of each home in order that they may give complete protection in case of emergency. They wish to find also the number of in-

valids and children who would require special care.

"The people will be glad of our help some day and we cannot give full help without this information," Insp. Bishop said as he spoke of the canvassing of homes.

### Grotesque Drawings By 'Scotty'

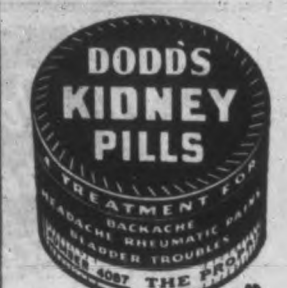

VANCOUVER (CP)—Five hundred grotesque color drawings of a fantastic design such as have never been seen in Vancouver are being displayed this week by the diminutive Glasgow-born artist

who signs himself simply "Scotty."

Fish forms, eyes, noses, floral motifs, animal claws, foliage—all presented in riotous color with black ink cross-hatching to form light and shade—combine to give the abstract designs a grotesque, almost pagan quality, reminiscent of jungle and Indian art.

An ex-antique dealer, who "paints from the heart as" the mood overtakes me," Scotty, as he prefers to be known, has recently returned from Toronto.

A human being can sustain a loss of about one-third of his blood.
